Popular Autocracy in Greece, 1936-41 Oct 19 2021 The first major political biography of General Ioannis Metaxas, who assumed dictatorial power in Greece in 1936 and oversaw the resistance to the Italian invasion in the Second World War. As a political portrait of the man, the book puts much emphasis on the early career of Metaxas and his journey to state power, from 1920 to 1936. Drawing heavily on original Greek sources, the book makes extensive use of Metaxas's diary, his correspondence, and the evidence of his close friends and associates.

Report of the 1950 Traffic Survey of Rural Roads Aug 05 2020 "In 1949, the Planning Department began its most recent statewide rural road survey after members of the Legislature of that year indicated a desire for complete, up-to-the-minute data on all road systems. This report is the result"--Page 10.

Battleship Bismarck Manual 1936-41 Jan 02 2023 In this, the first Haynes Manual about a Second World War warship, acclaimed maritime author and historian Angus Konstam gives readers a detailed insight into the design, fighting capability and short-lived

career of Nazi Germany's greatest warship. He tells the Bismarck's story, from her origins in the aftermath of the Great War and the Versailles Treaty, including Germany's capital ship building program, her design, building, launch and fitting out, to her sea trials and eventual commissioning into the Kriegsmarine.

Popular Autocracy in Greece, 1936-1941 Oct 31 2022 The first major political biography of General Ioannis Metaxas, who assumed dictatorial power in Greece in 1936 and oversaw the resistance to the Italian invasion in the Second World War. As a political portrait of the man, the book puts much emphasis on the early career of Metaxas and his journey to state power, from 1920 to 1936. Drawing heavily on original Greek sources, the book makes extensive use of Metaxas's diary, his correspondence, and the evidence of his close friends and associates.

Britain, Japan and Pearl Harbour Sep 25 2019 Recent controversies about Pearl Harbour have highlighted the need for a new assessment of British policy towards Japan during the period leading up to the Pacific War. Britain, Japan and Pearl Harbour provides a thorough and authoritative account of British efforts to avert conflict with Japan, and makes use of the most recently released material from British archives, including information from intelligence sources. This is the most comprehensive study so far of British policy towards East Asia in this period. It illustrates the extent of British weakness in the region and the degree to which the constant need to appease American opinion hamstrung Britain's ability to achieve an understanding with Japan.

Spain and the Great Powers in the Twentieth Century Jan 10 2021 Spain and the Great Powers in the Twentieth Century examines the international context to, and influences on, Spanish history and politics from 1898 to the present day. Spanish history is necessarily international, with the significance of Spain's neutrality in the First World War and the global influences on the outcome of the Spanish Civil War. Taking the Defeat in the Spanish American war of 1898 as a starting point, the book includes surveys on: *the

crisis of neutrality during the First World War *foreign policy under the dictatorship of Primo de Rivera *the allies and the Spanish Civil War *Nazi Germany and Franco's Spain *Spain and the Cold War *relations with the United States This book traces the important topic of modern Spanish diplomacy up to the present day

Supermen! Jul 28 2022 The enduring cultural phenomenon of comic book heroes was invented in the late 1930s by a talented and hungry group of artists and writers barely out of their teens, flying by the seat of their pants to create something new, exciting, and above all profitable. The iconography and mythology they created flourishes to this day in comic books, video, movies, fine art, advertising, and practically all other media. *Supermen!* collects the best and the brightest of this first generation, including Jack Cole, Will Eisner, Bill Everett, Lou Fine, Fletcher Hanks, Jack Kirby, Jerry Siegel, Joe Shuster, and Basil Wolverton.

Britain, Japan and Pearl Harbor Jan 22 2022 An authoritative account of British efforts to avert a conflict with Japan. Using recently released material the author shows how the need to appease American opinion hamstrung Britain's ability to achieve an understanding with Japan.

Ju 52/3m Bomber and Transport Units 1936-41 Jul 04 2020 The all-metal Junkers Ju 52/3m enjoyed a solid – indeed, revered – reputation amongst its crews and the troops and paratroopers who used and depended on it. For more than ten years, it saw service as a successful military transport, with its distinctive, three-engined design and corrugated metal construction becoming instantly recognisable. It was a mainstay in the Luftwaffe's inventory, first seeing service in the 1930s in bombing and transport operations in the Spanish Civil War, and subsequently during the German invasion of Poland. It then served on every front on which the Luftwaffe was deployed until May 1945. The Junkers served as a stalwart transport, confronting both freezing temperatures and ice, and heat and dust, lifting men, animals, food and supplies vital for German military operations. This, the first of two books on the Ju 52/3m, details its service as a bomber in Spain and in South America, followed by its pivotal role in early war operations during the invasions of Poland and France, the airborne invasion of Crete and the early stages of Operation Barbarossa.

The Nazi Olympics Nov 19 2021 The 1936 Olympic Games played a key role in the development of both Hitler's Third Reich and international sporting competition. This volume gathers original essays by modern scholars from the Games' most prominent participating countries and lays out the issues -- sporting as well as political -- surrounding individual nations' involvement. The Nazi Olympics opens with an analysis of Germany's preparations for the Games and the attempts by the Nazi regime to allay the international concerns about Hitler's racist ideals and expansionist ambitions. Essays follow on the United States, Great Britain, and France -- three first-class Olympian nations with misgivings about participation -- as well as German ally Italy and future ally Japan. Other essays examine the issues at stake in Finland, Sweden, Norway, Denmark, and the Netherlands, which opposed Hitler's politics, despite embodying his Aryan ideal. Challenging the view of sport as a trivial pursuit, this collection reveals exactly how high the political stakes were in 1936 and how the Nazi Olympics distilled many of the critical geopolitical issues of the time into a contest that was anything but trivial.

Queen's University Dec 09 2020 The author emphasizes the role of individuals and yet makes it quite evident that by the time of her centenary in the early days of World War II, Queen's had developed an organic vitality through which the vicissitudes occasioned by external fortunes or by internal tensions could be transcended. Throughout the period covered by this volume Queen's faced a long, hard struggle for adequate resources for research in terms of space, equipment, and most importantly, faculty time; the gradual development of graduate work; and the building of library resources. There was firm and creative leadership through the crises of the war and its aftermath and a renewal of optimism through the final decades of this history.

U-Boat 1906 onwards (all models) Dec 01 2022 An insight into the design, construction and operation of the feared World War 2 German Type VIIC U-boat. The German Type VIIC U-boat, scourge of Allied shipping convoys during the Second World War, was the workhorse of the German U-boat force. With some 568 Type VIIs in use between 1940 and 1945 it was a potent fighting vessel that could hunt for long periods in the far reaches of the western and southern Atlantic. Centerpiece of the Haynes U-boat Owners' Workshop Manual is the sole surviving example of a Type VIIC U-boat, U-995, which is on display at the German Naval Memorial near Kiel in northern Germany.
