*Pieces* Sep 29 2022 When her mother, Anna, abandons her to move abroad with her new husband, Sasha is passed around her three grandparents in Cold War-era Moscow, attending first grade with a Lenin star pinned to her breast. Five years later, Anna and her husband reappear and whisk Sasha off to a "better life" in Athens, Greece. But they are not the gallant rescuers they first appear to be, and Sasha soon finds herself caught between a violent stepfather and a psychologically abusive mother. In her struggle to survive in her new world, Sasha turns to a world of invisible friends—even as she continues to long for something real. At turns haunting and uplifting, *Pieces* is the story of one

girl's survival and self-discovery—and her continual search for love in a world where she has been given none.

Switching Time May 02 2020 "[A]n absorbing journey through a psychiatrist's dauntingly challenging first case of multiple personality disorder--from the beginning of therapy to stable integration and recovery." -- Colin Ross, author of *Multiple Personality Order* and *The Osiris Complex* In 1989, Karen Overhill walks into psychiatrist Richard Baer's office seeking help for her depression and a persistent memory problem: she routinely loses parts of her day, finds herself in places she doesn't remember going to, and is told about conversations she doesn't remember having. While trying to discover the root cause of her memory loss, Baer works to gain Karen's trust, but it's years before he learns the true extent of the trauma buried in her past. What she eventually reveals is nearly beyond belief, a narrative of a childhood spent grappling with unimaginable horror. Then Baer receives an envelope in the mail. It's marked with Karen's return address but contains a letter from a little girl who writes that she's seven years old and lives inside of Karen. Soon Baer receives letters from others claiming to be parts of Karen. Under hypnosis, these alternate Karen personalities reveal themselves in shocking variety. One "alter" is a young boy filled with frightening aggression; another an adult male who considers himself Karen's protector; a third a sassy flirt who seeks dominance over the others. It's only by compartmentalizing her pain, guilt, and fear in this fashion that Karen has been able to function since childhood. Realizing that his patient represents an extreme case of multiple personality disorder, Baer faces the daunting task of creating a therapy that will make Karen whole again. As powerful as *Sybil* or *The Three Faces of Eve*, *Switching Time* is the first complete

account of such therapy to be told from the perspective of the treating physician, a stunningly devoted healer who worked selflessly for decades so that Karen could one day live as a single human being.

*Rest in Pieces* Feb 20 2022 "IN THE LONG RUN, WE'RE ALL DEAD. But for some of the most influential figures in history, death marked the start of a new adventure. The famous deceased have been stolen, burned, sold, pickled, frozen, stuffed, impersonated, and even filed away in a lawyer's office. Their fingers, teeth, toes, arms, legs, skulls, hearts, lungs, and nether regions have embarked on voyages that crisscross the globe and stretch the imagination. Counterfeiters tried to steal Lincoln's corpse. Einstein's brain went on a cross-country road trip. And after Lord Horatio Nelson perished at Trafalgar, his sailors submerged him in brandy--which they drank. From Mozart to Hitler, *Rest in Pieces* connects the lives of the famous dead to the hilarious and horrifying adventures of their corpses, and traces the evolution of cultural attitudes toward death"--Back cover.

*In Pieces* Mar 24 2022 Certain things ruin a girl's reputation, and madness is one. BOSTON, 1793-Beautiful and artistic, the only daughter of a prominent merchant, Molly Chase cannot help but attract the notice of Federalist Boston--especially its men. But she carries a painful secret: her father committed suicide and she found his body. Now nightmares plague her day and night, addling her mind and rendering her senseless. Molly needs a home, a nurse, and time to grieve and to find new purpose in life. But when she moves in with her friends, the Robbs, spiteful society gossips assume the worst. And when an imprudent decision leads to public scandal, Molly is tempted to take the easy way out: a

marriage of convenience. Merchant sailor Josiah Robb is as familiar to Molly as a brother-as dear and as exasperating. Yet she is no sister to him. He hopes to marry her before anyone else does, but sailing the high seas leaves no time for convincing Molly that he is more than her teasing childhood friend. Josiah wants a new job and a fresh start, and when he agrees to carry a confidential letter to President Washington, his life is forever changed. In the wake of tragedy, these longtime friends discover a new intimacy. But slander, confusion, absence, and a wealthy, conniving bully stand between them. And with French spies on the loose, they not only have to rescue their reputations—they have to protect their lives.

In Pieces May 26 2022 Three years ago she was left in pieces . . . Most college freshmen love the newfound freedom of living on campus, but none of them craves it like Beth Caplan. One ill-fated night when she was fifteen left her locked in a posh prison of private tutors. It's for the best, everyone said, and maybe it was. But after years of hard work and healing, the one person who never thought of her as broken could be the one to break her all over again. And Beth can't seem to stay away now any more than she could all those years ago. As soon as David March learned his best friend's little sister was enrolling at his school, he promised to look after her, and promised himself he'd keep a safe distance. But the sweet little girl he'd grown up with has transformed into a gorgeous young woman, and she's attracting attention from people she shouldn't—like the ex who nearly destroyed her and a strange new student with a disturbing habit of showing up wherever Beth goes. But for David, the most troubling discovery is realizing that he doesn't just want Beth to be safe. He wants her to be his.

*Girl in Pieces* Jun 26 2022 Fans of *Girl, Interrupted*, *Thirteen Reasons Why*, and *All the Bright Places* will love this New York Times bestseller. "A haunting, beautiful, and necessary book that will stay with you long after you've read the last page."—Nicola Yoon, #1 New York Times bestselling author of *Everything, Everything* and *The Sun Is Also a Star* Charlotte Davis is in pieces. At seventeen she's already lost more than most people do in a lifetime. But she's learned how to forget. The broken glass washes away the sorrow until there is nothing but calm. You don't have to think about your father and the river. Your best friend, who is gone forever. Or your mother, who has nothing left to give you. Every new scar hardens Charlie's heart just a little more, yet it still hurts so much. It hurts enough to not care anymore, which is sometimes what has to happen before you can find your way back from the edge. A deeply moving portrait of a girl in a world that owes her nothing, and has taken so much, and the journey she undergoes to put herself back together. Kathleen Glasgow's debut is heartbreakingly real and unflinchingly honest. It's a story you won't be able to look away from. *Every Last Word* Oct 19 2021 The New York Times bestseller everyone is talking about. If you could read my mind, you wouldn't be smiling. Samantha McAllister looks just like the rest of the popular girls in her junior class. But hidden beneath the straightened hair and expertly applied makeup is a secret that her friends

would never understand: Sam has Purely-Obsessional OCD and is consumed by a stream of dark thoughts and worries that she can't turn off. Second-guessing every move, thought, and word makes daily life a struggle, and it doesn't help that her lifelong friends will turn toxic at the first sign of a wrong outfit, wrong lunch, or wrong crush. Yet Sam knows she'd be truly crazy to leave the protection of the most popular girls in school. So when Sam meets Caroline, she has to keep her new friend with a refreshing sense of humor and no style a secret, right up there with Sam's weekly visits to her psychiatrist. Caroline introduces Sam to Poet's Corner, a hidden room and a tight-knit group of misfits who have been ignored by the school at large. Sam is drawn to them immediately, especially a guitar-playing guy with a talent for verse, and starts to discover a whole new side of herself. Slowly, she begins to feel more "normal" than she ever has as part of the popular crowd . . . until she finds a new reason to question her sanity and all she holds dear.

In Ruins Aug 05 2020 She wanted to start again. To be someone--anyone--different . . . Freedom. When Carleigh Stanger thought of college, that was the word that came to mind. Freedom from her unhappy home life. Freedom from high school mistakes. Freedom from the memory of that terrible morning. Only instead of bringing a sweet escape, Carleigh's first campus party traps her in the scornful gaze of the last person she wants to see, Tucker Green. It wasn't long ago that being close to Carleigh was everything Tucker wanted. But that was before he realized she was just another scheming girl who'd do whatever it took to get her way. Even lie to the guy she claimed to love. Unfortunately while Tucker's brain remembers the pain Carleigh caused, his body only remembers the pleasure . . .

In *Pieces* (Free Preview: Prologue, Chapter 1, and Selected Excerpts) Feb 08 2021 In this intimate, haunting literary memoir, an American icon tells her story for the first time, and in her own gorgeous words--about a challenging and lonely childhood, the craft that helped her find her voice, and a powerful emotional legacy that shaped her journey as a daughter and a mother. One of the most celebrated, beloved, and enduring actors of our time, Sally Field has an infectious charm that has captivated the nation for more than five decades, beginning with her first TV role at the age of seventeen. From *Gidget*'s sweet-faced "girl next door" to the dazzling complexity of *Sybil* to the Academy Award-worthy ferocity and depth of *Norma Rae* and *Mary Todd Lincoln*, Field has stunned audiences time and time again with her artistic range and emotional acuity. Yet there is one character who always remained hidden: the shy and anxious little girl within. With raw honesty and the fresh, pitch-perfect prose of a natural-born writer, and with all the humility and authenticity her fans have come to expect, Field brings readers behind-the-scenes for not only the highs and lows of her star-studded early career in Hollywood, but deep into the

truth of her lifelong relationships--including her complicated love for her own mother. Powerful and unforgettable, *In Pieces* is an inspiring and important account of life as a woman in the second half of the twentieth century.

Pops Mar 12 2021 "Magical prose stylist" Michael Chabon (*Michiko Kakutani, New York Times*) delivers a collection of essays--heartfelt, humorous, insightful, wise--on the meaning of fatherhood. For the September 2016 issue of *GQ*, Michael Chabon wrote a piece about accompanying his son Abraham Chabon, then thirteen, to Paris Men's Fashion Week. Possessed with a precocious sense of style, Abe was in his element chatting with designers he idolized and turning a critical eye to the freshest runway looks of the season; Chabon Sr., whose interest in clothing stops at "thrift-shopping for vintage western shirts or Hermès neckties," sat idly by, staving off yawns and fighting the impulse that the whole thing was a massive waste of time. Despite his own indifference, however, what gradually emerged as Chabon ferried his son to and from fashion shows was a deep respect for his son's passion. The piece quickly became a viral sensation. With the *GQ* story as its centerpiece, and featuring six additional essays plus an introduction, *Pops* illuminates the meaning, magic, and mysteries of fatherhood as only Michael Chabon can.

5 Easy Pieces May 14 2021 *5 Easy Pieces* features five contributions, originally published in *Nature and Science*, demonstrating the massive impacts of modern industrial fisheries on marine ecosystems. Initially published over an eight-year period, from 1995 to 2003, these articles illustrate a transition in scientific thought--from the initially-contested realization that the crisis of fisheries and their underlying ocean ecosystems was, in fact, global to its broad acceptance by mainstream scientific and public opinion. Daniel Pauly, a well-known fisheries expert who was a co-author

of all five articles, presents each original article here and surrounds it with a rich array of contemporary comments, many of which led Pauly and his colleagues to further study. In addition, Pauly documents how popular media reported on the articles and their findings. By doing so, he demonstrates how science evolves. In one chapter, for example, the popular media pick up a contribution and use Pauly's conclusions to contextualize current political disputes; in another, what might be seen as nitpicking by fellow scientists leads Pauly and his colleagues to strengthen their case that commercial fishing is endangering the global marine ecosystem. This structure also allows readers to see how scientists' interactions with the popular media can shape the reception of their own, sometimes controversial, scientific studies. In an epilog, Pauly reflects on the ways that scientific consensus emerges from discussions both within and outside the scientific community.

My Body in Pieces Jan 10 2021 A deeply emotional graphic memoir of a young woman's struggles with self-esteem and body image issues. All Marie-Noëlle wants is to be thin and beautiful. She wishes that her thighs were slimmer, that her stomach lay flatter. Maybe then her parents wouldn't make fun of her eating habits at family dinners, the girls at school wouldn't call her ugly, and the boy she likes would ask her out. This all-too-relatable memoir follows Marie-Noëlle from childhood to her twenties, as she navigates what it means to be born into a body that doesn't fall within society's beauty standards. When, as a young teen, Marie-Noëlle begins a fitness regime in an effort to change her body, her obsession with her weight and size only grows and she begins having suicidal thoughts. Fortunately for Marie-Noëlle, a friend points her in the direction of therapy, and slowly, she begins to realize that she doesn't need the approval of others to feel whole. Marie-

Noëlle Hébert's debut graphic memoir is visually stunning and drawn entirely in graphite pencil, depicting a deeply personal and emotional journey that encourages us all to embrace the bodies we are born into.

My Life in Pieces Jan 28 2020 An alternative autobiography of the well-loved actor and man of the theatre. In *My Life in Pieces* Simon Callow retraces his life through the multifarious performers, writers, productions and events which have left their indelible mark on him. The story begins with Peter Pan - his first ever visit to the theatre - before transporting us to southern Africa and South London, where Callow spent much of his childhood. Later, he charms his way into a job at the National Theatre box office courtesy of his hero, Laurence Olivier - and thus consummated a lifetime's love affair with theatre. Alongside Olivier, we encounter Paul Scofield, Michael Gambon, Alan Bennett and Richard Eyre, all of whom Callow has worked with, as well as John Gielgud, Ralph Richardson and Alec Guinness, David Hare, Simon Gray and many more. He writes too about figures he did not meet but who greatly influenced his life and work, figures such as Stanislavsky, Nureyev and Cocteau, as well as Charles Laughton and Orson Welles. And he even makes room for not-quite-legit performers like Tony Hancock, Tommy Cooper, Frankie Howard - and Mrs Shufflewick. The result is a passionate, instructive and beguiling book which, in tracing Simon Callow's own 'sentimental education', leaves us enriched by his generosity and wisdom. 'first rate... the best writer-actor we have' David Hare 'Simon Callow combines zest, originality and passion and has elegantly turned his views and life in the theatre into an astonishing memoir' Richard Eyre

*Piety in Pieces* Jul 16 2021 Medieval manuscripts resisted obsolescence. Made by highly specialised craftspeople (scribes, illuminators, book binders) with labour-intensive processes using exclusive and sometimes exotic materials (parchment made from dozens or hundreds of skins, inks and paints made from prized minerals, animals and plants), books were expensive and built to last. They usually outlived their owners. Rather than discard them when they were superseded, book owners found ways to update, amend and upcycle books or book parts. These activities accelerated in the fifteenth century. Most manuscripts made before 1390 were bespoke and made for a particular client, but those made after 1390 (especially books of hours) were increasingly made for an open market, in which the producer was not in direct contact with the buyer. Increased efficiency led to more generic products, which owners were motivated to personalise. It also led to more blank parchment in the book, for example, the backs of inserted miniatures and the blank ends of textual components. Book buyers of the late fourteenth and throughout the fifteenth century still held onto the old connotations of manuscripts—that

they were custom-made luxury items—even when the production had become impersonal. Owners consequently purchased books made for an open market and then personalised them, filling in the blank spaces, and even adding more components later. This would give them an affordable product, but one that still smacked of luxury and met their individual needs. They kept older books in circulation by amending them, attached items to generic books to make them more relevant and valuable, and added new prayers with escalating indulgences as the culture of salvation shifted. Rudy considers ways in which book owners adjusted the contents of their books from the simplest (add a marginal note, sew in a curtain) to the most complex (take the book apart, embellish the components with painted decoration, add more quires of parchment). By making sometimes extreme adjustments, book owners kept their books fashionable and emotionally relevant. This study explores the intersection of codicology and human desire. Rudy shows how increased modularisation of book making led to more standardisation but also to more opportunities for personalisation. She asks: What properties did parchment manuscripts have that printed books lacked? What are the interrelationships among technology, efficiency, skill loss and standardisation?

*Gabi, a Girl in Pieces* Dec 21 2021 Named to Kirkus Reviews Best Books of 2014 Named to School Library Journal Best Books of 2014 Gabi Hernandez chronicles her last year in high school in her diary: college applications, Cindy's pregnancy, Sebastian's coming out, the cute boys, her father's meth habit, and the food she craves. And best of all, the poetry that helps forge her identity. July 24 My mother named me Gabriella, after my grandmother who, coincidentally, didn't want to meet me when I was born because my mother was unmarried, and therefore living in sin. My mom has told me the story many, many, MANY, times of how, when she confessed to my grandmother that she was pregnant with me, her mother beat her. BEAT HER! She was twenty-five. That story is the basis of my sexual education and has reiterated why it's important to wait until you're married to give it up. So now, every time I go out with a guy, my mom says,

"Ojos abiertos, piernas cerradas." Eyes open, legs closed. That's as far as the birds and the bees talk has gone. And I don't mind it. I don't necessarily agree with that whole wait until you're married crap, though. I mean, this is America and the 21st century; not Mexico one hundred years ago. But, of course, I can't tell my mom that because she will think I'm bad. Or worse: trying to be White. Isabel Quintero is an award-winning writer from the Inland Empire of Southern California. *How It Feels to Float* Nov 07 2020 A Kirkus Reviews Best Book of the Year A Chicago Public Library Best of the Best of the Year "Profoundly moving . . . Will take your breath away." --Kathleen Glasgow, author of *Girl in Pieces* A stunningly gorgeous and deeply hopeful portrayal of living with mental illness and grief, from an exceptional new voice. Biz knows how to float. She has her people, her posse, her mom and the twins. She has Grace. And she has her dad, who tells her about the little kid she was, and who shouldn't be here but is. So Biz doesn't tell anyone anything. Not about her dark, runaway thoughts, not about kissing Grace or noticing Jasper, the new boy. And she doesn't tell anyone about her dad. Because her dad died when she was seven. And Biz knows how to float, right there on the surface--normal okay regular fine. But after what

happens on the beach--first in the ocean, and then in the sand--the tethers that hold Biz steady come undone. Dad disappears and, with him, all comfort. It might be easier, better, sweeter to float all the way away? Or maybe stay a little longer, find her father, bring him back to her. Or maybe--maybe maybe maybe--there's a third way Biz just can't see yet. Debut author Helena Fox tells a story about love and grief, about inter-generational mental illness, and how living with it is both a bridge to someone loved and lost and, also, a chasm. She explores the hard and beautiful places loss can take us, and honors those who hold us tightly when the current wants to tug us out to sea.
