You'll master core services and basic architecture, and equip yourself to develop, deploy, and debug cloud-based applications using AWS. The AWS Developer certification is earned by those who demonstrate the technical knowledge and skill associated with best practices for building secure, reliable cloud-based applications using AWS technology. This book is your official exam prep companion, providing everything you need to know to pass with flying colors. Study the AWS Certified Developer Exam objectives Gain expert insight on core AWS services and best practices Test your understanding of key concepts with challenging chapter questions Access online study tools including electronic flashcards, a searchable glossary, practice exams, and more

Cloud computing offers businesses the opportunity to replace up-front capital infrastructure expenses with low, variable costs that scale as they grow. This customized responsiveness has negated the need for far-future infrastructure planning, putting thousands of servers at their disposal as needed—and businesses have responded, propelling AWS to the number-one spot among cloud service providers. Now these businesses need qualified AWS developers, and the AWS certification validates the exact skills and knowledge they're looking for. When you're ready to get serious about your cloud credentials, the AWS Certified Developer Official Study Guide—Associate Exam is the resource you need to pass the exam with flying colors. NOTE: As of October 7, 2019, the accompanying code for hands-on exercises in the book is available for downloading from the secure Resources area in the online test bank. You'll find code for Chapters 1, 2, 11, and 12. ***Includes Practice Test Questions***

Organized by domain area, this handy review guide covers project initiation, planning, execution, monitoring, and closing as detailed in the new A Guide to the Project Management Body of

Knowledge (PMBOK® Guide), 6th Edition, giving you clear guidance on what you need to know for the exam. You also get a year of free access to the Sybex online interactive learning environment and study tools, which features flashcards, chapter tests, two bonus practice exams, and more. PMP candidates must have extensive project management experience before taking the exam, but you cannot rely on experience alone; the PMP exam tests your understanding of critical PMP concepts and practices as laid out in the PMBOK® Guide 6th Edition; this practical review condenses the PMBOK's essential details into quickly-digestible chapters that help you prepare more efficiently. Review 100% of the exam objectives Apply PMP concepts to real-world scenarios Identify areas in need of additional review Access practice exams, flashcards, and more The PMP certification puts you in demand, and can be a major boost to your career. Regardless of your current level of experience, exam success lies in complete and thorough preparation; the PMP Project Management Professional Exam Review Guide, Fourth Edition, is your ultimate key to confidence and success. To register for access to the online test banks included with the purchase of this book, please visit: www.wiley.com/go/sybextestprep. Certified Respiratory Therapist Review Guide is a comprehensive study guide for respiratory therapy students and graduates of accredited respiratory therapy education programs who are seeking to take the entry-level Certified Respiratory Therapist (CRT) credentialing exam from the National Board for Respiratory Care (NBRC). This unique review guide devotes extensive coverage to two problematic areas for credentialing exam candidates, which are not covered in any of the other texts: 1). test-taking skills, and 2). key points to remember in taking the NBRC computerized exams. Special emphasis is also given to material and subject areas which have proven to be especially challenging for exam candidates (such as basic pulmonary function testing, arterial blood gas [ABGs] interpretation, monitoring critically ill [ICU] patients, neonatal and pediatric care, recommending modifications to therapy, and more). Certified Respiratory Therapist Review Guide is authored by experts who take the credentialing exam annually, so you can be sure the content and format of this guide is current! Praise for a previous edition: Serves as an excellent study guide for students or as a source of course examination questions for the instructor...The author has skillfully taken the format of the National Association of the Boards of Examiners of Nursing Home Administrators and utilized them as a basis for this text.. -- Journal of Health Administration Education. This revised and updated study guide is based on the same format as the actual exam and provides an easy-to-use, effective way to review essential concepts and practice test-taking skills. Serving as the key companion to Nursing Home Administration, 5th Edition (Springer Publishing, 2008), this up-to-the-minute guide reflects the latest changes in the domains of practice for nursing home administrators.: The Guide features: .; Over 800 test questions.; Over 1000, Key terms and concept A concise, focused study aid aimed at preparing you for PMP certification The Project Management Professional (PMP) certification is the most desired skill in today's IT marketplace and candidates are required to have thousands of hours of PM experience even before taking the PMP exam. As the ideal reading companion to PMP: Project Management Professional Exam Study Guide, Fifth Edition, or any PMP exam prep guide, this focused study tool gives you that extra preparation you need to approach the grueling PMP exam with confidence. More than 120 review questions, two bonus exams, electronic flashcards, and a searchable key term database all contribute to your preparation for taking the PMP exam. Works hand in hand with PMP: Project Management Professional Exam Study Guide, Fifth Edition Six chapters correspond to the six domain areas of the PMP exam: initiating the project, planning the project, executing the project, monitoring and controlling the project, closing the project, professional and social responsibility Accompanying CD-ROM features a test engine, electronic flashcards, and a searchable PDF of key terms If you're looking to be as prepared as possible before taking the 200-question, 4-hour PMP exam, then this review guide is a must-read. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file. The CFA Institute has announced that all 2021 exams will continue to reflect the official 2020 curriculum. The eleventh hour guide is absolute genius and proving very valuable at this stage of the revision process." —Doug, UK PgMP Exam Practice Test and Study Guide, Fourth Edition is the book you need to pass the Program Management Professional (PgMP) exam the first time around. It reflects recent revisions based on PMI's Standard for Program Management - Third Edition (2013). Based on best practices that complement PMI's standards, this is the most comprehensive and up-to-date resource

available to help you prepare for the exam with new and changed terminology. It includes a list of the major topics covered on the exam organized by the five performance domains: strategic program management, program life cycle, benefits management, stakeholder management, and governance as presented in the Program Management Professional Examination Content Outline. It also includes helpful tips on how to make the most of the time you have available to prepare for the exam. Just like its bestselling predecessors, this indispensable study guide includes 20 multiple-choice practice questions for each domain along with a comprehensive answer key. The program life cycle domain includes 20 questions for each of the five phases. Each question also has a plainly written rationale for each correct answer with bibliographic references for further study. Two challenging, 170-question practice tests that simulate the actual exam are included in the book and online, so you can retake them as many times as necessary. They also include a rationale and reference. Scores for the online tests are presented as if each question is rated similarly, but this edition also includes a new component: the authors own weighting system for the level of difficulty for each question. This system will show you what they feel meets the exam's criteria for Proficient, Moderately Proficient, and below Proficient. You then will see your scores by domain in both approaches. Supplying an in This updated study guide by two security experts will help you prepare for the CompTIA CySA+ certification exam. Position yourself for success with coverage of crucial security topics! Where can you find 100% coverage of the revised CompTIA Cybersecurity Analyst+ (CySA+) exam objectives?
