Cinzia Padovani takes an in-depth look at Italian public service broadcasting, covering its history, its role in Italian society, its relationship to the political party system, and its influence on cultural and linguistic unification in Italy. Tracing the history and development of Italian public television broadcaster Radiotelevisione Italiana (RAI) to the present, Padovani challenges traditional views by asserting that parties' 'interference' in RAI has, at times, strengthened the role of public service broadcasting and that partisan journalism has even enhanced democratic potential. Cosa c'entra il semaforo con l'invenzione dei cartellini? E una birra o della cioccolata con il "cucchiaino" tanto in voga nel calcio moderno, quel modo di tirare il rigore che rende mito chi la manda dentro e riempie di vergogna chi vede la palla finire lentamente tra le mani del portiere? E ancora: quanti sanno che uno studente/lavapiatti mise

in ginocchio quegli inglesi che si proclamavano unici destinatari dell'intero scibile calcistico? Scopriamo lo scudetto del Vate, la geniale trovata di Gabriele D'Annunzio. Come, quando e perché il Napoli passò dal cavallino rampante al ciuccio? Il racconto del mitico Campo Testaccio e quello di Matthias Sindelar: il calciatore che osò sfidare Hitler. Nella sua lunga vita il calcio ha regalato personaggi e storie tutte da leggere. A volte divertenti, a volte tragiche. Curiosità che fanno ancora oggi di questa disciplina una delle attività in assoluto più affascinanti. In questo libro l'autore percorre un lungo "viaggio". Scopre e racconta i personaggi e gli avvenimenti più curiosi del mondo del pallone, privilegiando quel lato romantico, vintage, proprio dell'epoca "pionieristica" del football. One possible description of the contemporary medial landscape in Western culture is that it has gone 'meta' to an unprecedented extent, so that a remarkable 'meta-culture' has emerged. Indeed, 'metareference', i.e. self-reflexive comments on, or references to, various kinds of media-related aspects of a given medial artefact or performance, specific media and arts or the media in general is omnipresent and can, nowadays, be encountered in 'high' art and literature as frequently as in their popular counterparts, in the traditional media as well as in new media. From the Simpsons, pop music, children's literature, computer games and pornography to the contemporary visual arts, feature film, postmodern fiction, drama and even architecture – everywhere one can find metareferential explorations, comments on or criticism of representation, medial conventions or modes of production and reception, and related issues. Within individual media and genres, notably in research on postmodernist metafiction, this outspoken tendency towards 'metaization' is known well enough, and various reasons have been given for it. Yet never has there been an attempt to account for what one may aptly term the current 'metareferential turn' on a larger, transmedial scale. This is what *The Metareferential Turn in Contemporary Arts and Media: Forms, Functions, Attempts at Explanation* undertakes to do as a sequel to its predecessor, the volume *Metareference across Media* (vol. 4 in the series 'Studies in Intermediality'), which was dedicated to theoretical issues and transhistorical case studies. Coming from diverse disciplinary and methodological backgrounds, the contributors to the present volume propose explanations of impressive subtlety, breadth and depth for the current situation in addition to exploring individual forms and functions of metareference which may be linked with particular explanations. As expected, there is no monocausal reason to be found for the situation under scrutiny, yet the proposals made have in their combination a remarkable explanatory power which contributes to a better understanding of an important facet of current media production and reception. The essays assembled in the volume, which also contains an introduction with a detailed survey over the possibilities of accounting for the metareferential turn, will be relevant to students and scholars from a wide variety of fields: cultural history at large, intermediality and media studies as well as, more particularly, literary studies, music, film and art history. E' comodo definirsi scrittori da parte di chi non ha arte né parte. I letterati, che non siano poeti, cioè scrittori stringati, si dividono in narratori e saggisti. E' facile scrivere "C'era una volta..." e parlare di cazzate con nomi di fantasia. In questo modo il successo è assicurato e non hai rompiballe che si sentono diffamati e che ti querelano e che, spesso, sono gli stessi che ti condannano. Meno facile è essere saggisti e scrivere "C'è adesso..." e parlare di cose reali con nomi e cognomi. Impossibile poi è essere saggisti e scrivere delle malefatte dei magistrati e del Potere in generale, che per logica ti perseguitano per farti cessare di scrivere. Devastante è farlo senza essere di sinistra. Quando si parla di veri scrittori ci si ricordi di Dante Alighieri e della fine che fece il primo saggista mondiale. Le vittime, vere o presunte, di soprusi, parlano solo di loro, inascoltati, pretendendo aiuto. Io da vittima non racconto di me e delle mie traversie. Ascoltato e seguito, parlo degli altri, vittime o carnefici, che l'aiuto cercato non lo concederanno mai. "Chi non conosce la verità è uno sciocco, ma chi, conoscendola, la chiama bugia, è un delinquente". Aforisma di Bertolt Brecht. Bene. Tante verità soggettive e tante omertà son tasselli che la mente corrompono. Io le cerco, le filtro e nei miei libri compongo il puzzle, svelando l'immagine che dimostra la verità oggettiva censurata da interessi economici ed ideologie vetuste e criminali. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italici. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso! This volume proposes a rich corpus of papers about the 'Other City', a subject only few times dealt with, but worthy of all our attention: it imposes itself on the scene of international modern and contemporary historiography for its undeniable topicality. Throughout history, the city has always had to deal with social 'otherness', i.e. with class privileges and, consequently, with discrimination and marginalization of minorities, of the less well-off, of foreigners, in short, with the differences in status, culture, religion. So that the urban fabric has ended up structuring itself also in function of those inequalities, as well as of the strategic places for the exercise of power, of the political, military or social control, of the spaces for imprisonment, for the sanitary isolation or for the 'temporary' remedy to the catastrophes. From the first portraits of cities, made and diffused at the beginning of the fifteenth century for political exaltation purposes or for religious propaganda and for devotional purposes, which often, through increasingly refined graphic techniques, distort or even deny the true urban image, we reach, at the dawn of contemporary history, the new meaning given by scientific topography and new methods of representation; these latter aimed at revealing the structure and the urban landscape in their objectivity, often unexpected for who had known the city through the filter of 'regime' iconography. The representation of the urban image still shows the contradictions of a community that sometimes includes and even exalts the diversities, other times rejects them, showing the unease of

a difficult integration. Le avventure, le sfide e i sogni di otto ragazzi con una grande passione: il calcio! Una serie illustrata a fumetti dedicata allo sport più amato nel mondo! La maggior parte di ciò che il sottoscritto racconta in queste pagine è frutto di una minuziosa ricerca su vecchi libri di ciclismo e altre fonti cartacee e in parte sono ricordi personali. So di altri corridori, non qui citati, che hanno onorato lo sport del ciclismo e in qualche modo vorrei scusarmi con loro, ma il materiale di ricerca a mia disposizione non è moltissimo, per cui ho fatto e scritto quello che potevo. I giudizi e i pareri riguardo a fatti e personaggi sono ovviamente del tutto opinabili. This student textbook offer photostories set in Italy which provide an authentic context for the language topics explored in each chapter. The course combines a communicative approach with planned grammar coverage. Li avevamo lasciati a godersi gli ultimi scampoli d'estate. Con la riapertura delle scuole i ragazzi tornano alla vita di sempre: ritrovano amici, amori, accordi e rivalità, piccole e grandi avventure, nate tra i banchi o alle feste. Esperienze che CJ e Betta da Palermo e i cugini da Velletri si raccontano praticamente ogni giorno tramite Skype. Ci si fidanza, si litiga con il compagno di scuola con cui non si è mai andati d'accordo, si marina la scuola per non essere interrogati in una materia ostica, ci si lascia coinvolgere in attività non propriamente da bravi ragazzi. Ma si vivono anche le delusioni di chi il proprio amore non lo vede ricambiato, o il desiderio di trasformare un rapporto platonico in qualcosa di più ormonale. Dicembre arriva in fretta, ma CJ e sua sorella ancora non sanno di essere a una svolta. La madre dovrà prendere un'importantissima decisione inerente il suo lavoro, che cambierà per sempre la sua vita e inevitabilmente anche quella del marito e dei figli. New Perspectives in Italian Cultural Studies, Volume 2: The Arts and History deals with practicing cultural studies by offering articles that are valuable for both scholars of Italian studies and students interested in a cultural studies approach. Divided in four sections, the articles included offer complex approaches to literature, film, the visual arts, and a particular moment in Italian history with which Italians are still coming to terms, fascism. The seventh volume in the Institute of Classical Archaeology's series on the rural countryside (chora) of Metaponto is a study of the Greek sanctuary at Pantanello. The site is the first Greek rural sanctuary in southern Italy that has been fully excavated and exhaustively documented. Its evidence—a massive array of distinctive structural remains and 30,000-plus artifacts and ecofacts—offers unparalleled insights into the development of extra-urban cults in Magna Graecia from the seventh to the fourth centuries BC and the initiation rites that took place within the cults. Of particular interest are the analyses of the well-preserved botanical and faunal material, which present the fullest record yet of Greek rural sacrificial offerings, crops, and the natural environment of southern Italy and the Greek world. Excavations from 1974 to 2008 revealed three major phases of the sanctuary, ranging from the Archaic to Early Hellenistic periods. The structures include a natural spring as the earliest locus of the cult, an artificial stream (collecting basin) for the spring's outflow, Archaic and fourth-century BC structures for ritual dining and other cult activities, tantalizing evidence of a Late Archaic Doric temple atop the hill, and a farmhouse and tile factory that postdate the sanctuary's destruction. The extensive catalogs of material and special studies provide an invaluable opportunity to study the development of Greek material culture between the seventh and third centuries BC, with particular emphasis on votive pottery and figurative terracotta plaques. L'Ispettore Capo Giacinto Montrone resiste a un ennesimo tentativo di rimozione dal suo incarico nella questura di Bari. A indorargli la pillola, la promozione a Ispettore Principale per indurlo a porsi in pensione. Lui accetta la promozione dovutagli per diritto acquisito da tempo, ma si interstadiisce a non mettersi a riposo all'età di 54 anni. Una nuova eclatante proposta di trasferimento lo coglie di sorpresa e lo lascia in forse; ma decide di accettarla, tanto grande è la differenza in meglio. Nella nuova sede riesce ad adattarsi con una certa facilità e si adopera alla soluzione di nuovi casi; gli resta, però, la nostalgia dell'incarico precedente e ce la metterà davvero tutta per accantonarla dedicandosi al nuovo superincarico. This book analyzes Chinese migration to Italy as it was debated in the news media between 1992 and 2012 by exploring what this migration allowed stakeholders to achieve within the country's media, politics, and popular culture in the age of migration and globalization. This is a collection of Joyce's non-fictional writing, including newspaper articles, reviews, lectures and essays. It covers 40 years of Joyce's life and maps important changes in his political and literary opinions. In music making “in company”, the protagonists have to follow the rules of interaction and create the cohesion of “being together”. At the same time, they try to promote personal goals that depend on specific personal treasure troves of experience. These are continuously being modified also as a result of the exchange between individuals. The perspective of the “individuals in company” leads the emphasis of the investigations to the ways in which the acts of performance, interpretation and local discourse give shape to creative processes in multipart music making and to the definition of the individual, collective and collaborative dimensions in this context. Focusing on the “creators” rather than on the “produced object”, the studies included in this volume explore the diversity of the roles, powers, symbolism, meanings and values given to the “polyphony of voices” in secular and religious traditions based on extensive fieldwork experience. The contributors to this volume also consider the UNESCO's Intangible Cultural Heritage List in this context, as well as the role of local, national and international awards. By understanding “culture as a drug”, whose absorption is realised within interacting cells, culture appears as a cellular network and music as quite an efficient device for its functioning. This workbook offer photostories set in Italy which provide an authentic context for the language topics explored in each chapter. The course combines a communicative approach with planned grammar coverage.
