**Performance Management** Jan 28 2020 Praise for Praise for Performance Management: Integrating Strategy Execution, Methodologies, Risk, and Analytics "A highly accessible collection of essays on contemporary thinking in performance management. Readers will get excellent overviews on the Balanced Scorecard, strategy maps, incentives, management accounting, activity-based costing, customer lifetime value, and sustainable shareholder value creation." —Robert S. Kaplan, Harvard Business School; coauthor of The Balanced Scorecard: Translating Strategy into Action, The Execution Premium, and many other books "Gary Cokins demonstrates in this book that performance management is not a mysterious black art, but a structured, process-oriented discipline. If you want your performance management system to be a smoothly running analytical machine, read and apply the ideas in this book—it's all you need." —Thomas H. Davenport, President's Distinguished Professor of Information Technology and Management, Babson College; coauthor of Competing on Analytics: The New Science of Winning "Drawing on a deep reservoir of knowledge and experience gained from hundreds of customer engagements around the world, Gary Cokins offers an authoritative examination of the major dimensions of performance management. Cokins not only paints a rich and textured view of the major principles and concepts driving performance management implementations, he offers a nuanced look at the important subtleties that can spell the difference between success and failure. This is an informative and enjoyable text to read!" —Wayne Eckerson, Director of Research, The Data Warehouse Institute (TDWI); author of Performance Dashboards: Measuring, Monitoring, and Managing Your Business "[In this] very insightful book, the view of an integrated performance management framework with a goal to link various operational activities with business strategy is an excellent approach to manage and improve business. Gary's explanation of risk-based performance management, for providing the capability to achieve long-term objectives with reliably calculated risks, is definitely thought provoking." —Srinu Pallia, Global Head and Vice President of Business Technology Services, Wipro Technologies, Bangalore, India "Gary Cokins is clearly one of the world's thought leaders in the area of performance management, and the need for integrated performance management, improvement and execution is clearly at a premium in these

challenging economic times. This book is a must read for CEOs, CFOs, and management accountants around the globe seeking higher levels of sustainable business performance for their stakeholders."

—Jeffrey C. Thomson, President and CEO, Institute of Management Accountants

*Cost Management: A Strategic Emphasis Jan 02 2023* *Cost Management: A Strategic Emphasis*, by Blocher/Stout/Juras/Cokins is dedicated to answering the question: 'Why Cost Management?' Blocher et al. provide the cost-management tools and techniques needed to support an organisation's competitiveness, improve its performance, and help the organisation accomplish its strategy. The text is written to help students understand the broader role of cost accounting in helping an organisation succeed - and not just the measurement of costs. While the text does include coverage of traditional costing topics (e.g., job-order costing, process costing, service-department cost allocations, and accounting for joint and by-products), its primary strength is the linkage of these topics, as well as more contemporary topics, to an organisation's strategy. This message is reinforced by a dynamic author team, all four of whom have close ties to current cost management practice.

*Cost Management Aug 29 2022* Covers the strategic management topics in cost accounting. *The Role of Management Accounting Systems in Strategic Sensemaking Dec 09 2020* Marcus Heidmann explores the role of management accounting systems (MAS) in strategic sensemaking. Based on cognitive theories, the author defines strategic sensemaking as a learning process with observation, interpretation, and communication as the relevant process steps on the individual level. He illustrates the impact of MAS on these cognitive processes by an exploratory multiple-case study design.

**Applied Marketing Aug 05 2020** Applied Marketing is a concise product that provides the very latest examples of marketing techniques and campaigns from today's business world without compromising on traditional theories of marketing. Marketing is about decision making and professors want material that will help students develop their critical thinking skills so they can think like a marketer and see that marketing is everywhere around them. Who better to develop such a product than a practitioner, Andrew Loos of Attack Marketing, and an academic, Daniel Padgett of Auburn University. Together these authors provide insights into what employers need, know the latest tools used by companies today and can help students smoothly move from the classroom to their careers. Applied Marketing connects traditional marketing with customer-perspective marketing, thus teaching students the value of allowing customers to feel more connected to the product, brand and company.

**Principles of Fraud Examination** Aug 17 2021 Accountants have historically had an important role in the detection and deterrence of fraud. As Joe Wells' *Principles of Fraud Examination* 4th edition illustrates, fraud is much more than numbers; books and records don't commit fraud – people do. Widely embraced by fraud examination instructors across the country, *Principles of Fraud Examination*, 4th Edition, by Joseph Wells, is written to provide a broad understanding of fraud to today's accounting students – what it is and how it is committed, prevented, detected, and resolved. This 4th edition of the text includes a chapter on frauds perpetrated against organizations by individuals outside their staff—a growing threat for many entities as commerce increasingly crosses technological and geographical borders.

**SEWMEX** Oct 26 2019 This case focuses on short-term profit planning for SEWMEX—a newly formed Mexican subsidiary of a U.S. company. The case is based on a real company in the sewing industry and as such forces students to think critically about the application of CVP concepts to a real-life situation. Sensitivity analysis is required to determine the impact of changes in production efficiencies on CVP relationships and profitability for the SEWMEX plant. Some applications of Excel are required to complete the case. Students are required to construct a written summary report regarding major issues raised in the case. Optional requirements focus on various issues regarding foreign exchange rates. Because of the richness of the case, it is targeted for use at the graduate level (e.g., MBA managerial accounting) or at an upper-level undergraduate course for accounting majors (e.g., cost accounting).

**Safe Enough Spaces** Mar 12 2021 From the president of Wesleyan University, a compassionate and provocative manifesto on the crises confronting higher education In this bracing book, Michael S. Roth stakes out a pragmatist path through the thicket of issues facing colleges today to carry out the mission of higher education. With great empathy, candor, subtlety, and insight, Roth offers a sane approach to the noisy debates surrounding affirmative action, political correctness, and free speech, urging us to envision college as a space in which students are empowered to engage with criticism and with a variety of ideas. Countering the increasing cynical dismissal—from both liberals and conservatives—of the traditional core values of higher education, this book champions the merits of different diversities, including intellectual diversity, with a timely call for universities to embrace boldness, rigor, and practical idealism.
