Voice and Communication Therapy for the Transgender/transsexual Client

It is only recently that transgenderism has been accepted as a disorder for which treatment is available. In the 1990s, a political movement of transgender activism coalesced to campaign for transgender rights. Considerable social, political and legal changes are occurring in response and there is increasing acceptance by governments and many other organisations and actors of the legitimacy of these rights. This provocative and controversial book explores the consequences of these changes and offers a feminist perspective on the ideology and practice of transgenderism, which the author sees as harmful. It explores the effects of transgenderism on the lesbian and gay community, the partners of people who transgender, children who are identified as transgender and the people who transgender themselves, and argues that these are negative. In doing so the book contends that the phenomenon is based upon sex stereotyping, referred to as 'gender' - a conservative ideology that forms the foundation for women's subordination. Gender Hurts argues for the abolition of 'gender', which would remove the rationale for transgenderism. This book will be of interest to scholars and students of political science, feminism and feminist theory and gender studies.

She makes her boyfriend into her girlfriend? It's Christmas break. Gorgeous Piper loves nerdy Jake's passion for buying her clothes, but her intuition tells her he does it not only because he loves her so much but also because of his hidden desire to wear them himself. She buys her love everything needed for crossdressing and transforming Jake into Jackie, her girlfriend. That afternoon, she enlightens him in the nuances of presenting his feminine side and immerses him in the pleasures of catering to his feminine

persona. The now feminine, sensual, and very alluring Jackie is then made to keep their plan for a romantic night out at a fine restaurant and dancing. Will Jackie live for this one night only, or will Jake fall to the wayside and Jackie rise like a phoenix from Jake's ashes? What hidden secrets will Jackie discover when she enters the world as a beautiful and alluring young lady? Will Piper's amorous past throw cold water on their relationship, or will it enhance it and drive Jackie's hidden feminine desires? What sort of love will they have, or will their love fail to survive Jake's change into Jackie? Enter the world of a crossdressed and beautifully feminized male, and experience what she discovers in this short-read, new-adult, LGBT, hot and steamy, transgender romance. Look inside now. Written by two specialist speech and language therapists, this book explains how voice and communication therapy can help transgender and non-binary people to find their authentic voice. It gives a thorough account of the process, from understanding the vocal mechanism through to assimilating new vocal skills and new vocal identity into everyday situations, and includes exercises to change pitch, resonance and intonation. Each chapter features insider accounts from trans and gender diverse individuals who have explored or are exploring voice and communication related to their gender expression, describing key aspects of their experience of creating and maintaining a voice that feels true to them. This guide is an essential, comprehensive source for trans and non-binary individuals who are interested in working towards achieving a different, more authentic voice, and will be a valuable resource for speech and language therapists/pathologists, voice coaches and healthcare professionals. Focusing the perspectives of gender scholarship on the study of empire, this is an original volume full of fascinating insights about the conduct of men as well as women. Bringing together disparate fields - politics, medicine, sexuality, childhood, religion, migration, and many more topics - this collection of essays demonstrates the richness of studying

empire through the lens of gender. This is a more inclusive look at empire, which asks not only why the empire was dominated by men, but how that domination affected the conduct of imperial politics. The fresh, new interpretations of the British Empire offered here, will interest readers across a wide range, demonstrating the vitality of this innovative approach and the new historical questions it raises. "Dave King and Richard Ekins are the leading world sociologists in this field. The book brings together a brilliant synthesis of history, case studies, ideas and positions as they have emerged over the past thirty years, and brings together a rich but always grounded account of this field, providing a state of the art of critical concepts and ideas to take this field further during the twenty first century." - Ken Plummer, University of Essex "An outstanding survey of the evolution of trans phenomena, splendidly written, highly informative, scholarly at its best, yet easy to read even for those neither trans nor sociologist. Ekins and King, experts in the field, unroll the panoramas of sex, gender, and transgenering that have evolved during the last decades. For everyone wanting to understand the interaction of women and men and of those who cannot or will not identify with either of these two categories, reading this book is a must, and a real pleasure." - Friedmann Pfaefflin, University of ULM This groundbreaking study sets out a framework for exploring transgender diversity for the new millennium. It sets forth an original and comprehensive research and provides a wealth of vivid illustrative material. Based on two decades of fieldwork, life history work, qualitative analysis, archival work and contact with several thousand cross-dressers and sex-changers around the world, the authors distinguish a number of contemporary transgenering 'stories' to illustrate: The binary male/female divide The interrelations between sex, sexuality and gender The interrelations between the main sub-processes of transgenering. Wonderfully insightful, The Transgender Phenomenon develops an original and innovative conceptual

framework for understanding the full range of the transgender experience. Ten Stories of transformation, crossdressing, and feminization! Sometimes, it's not enough to play it safe. These ten stories chronicle adventurous men and women taking a ride on the wild side. They're open-minded and indulge in their deepest, most secret desires. Take a ride with them in this anthology of hot stories! This collection contains ten stories normally priced at \$2.99 each. You can now get them at a huge discount. What a savings! Although transgender persons have been present in various societies throughout human history, it is only during the last several years that they have become widely acknowledged in our society and their right to quality medical care has been established. In the United States, endocrinologists have been providing hormonal therapy for transgender individuals for decades; however, until recently, there has been only limited literature on this subject, and non-endocrine aspects of medical care for transgender individual have not been well addressed in the endocrine literature. The goal of this volume is not only to address the latest in hormonal therapy for transgender individuals (including pediatric and geriatric age groups), but also to familiarize the reader with other aspects of transgender care, including primary and surgical care, fertility preservation, and the management of HIV infection. In addition to medical issues, psychological, social, ethical and legal issues pertinent to transgender individuals add to the complexities of successful treatment of these patients. A final chapter includes extensive additional resources for both transgender patients and providers. Thus, an endocrinologist providing care to a transgender person will be able to use this single resource to address most of the patient's needs. While Transgender Medicine is intended primarily for endocrinologists, this book will be also useful to primary care physicians, surgeons providing gender-confirming procedures, mental health professionals participating in the care of transgender persons, and medical residents and students. This

text offers an analysis of the changes in the political representation of women since the 1960s, and draws on a wide range of material, including interviews with women politicians, policy advocates and academics. "DSM-5-TR includes fully revised text and references, updated diagnostic criteria and ICD-10-CM codes since DSM-5 was published in 2013. It features a new disorder, prolonged grief disorder, as well as codes for suicidal behavior available to all clinicians of any discipline without the requirement of any other diagnosis. With contributions from over 200 subject matter experts, this updated volume boasts the most current text updates based on the scientific literature. Now in four-color and with the ability to authenticate each printed copy, DSM-5-TR provides a cohesive, updated presentation of criteria, diagnostic codes, and text. This latest volume offers a common language for clinicians involved in the diagnosis and study of mental disorders and facilitates an objective assessment of symptom presentations across a variety of clinical settings--inpatient, outpatient, partial hospital, consultation-liaison, clinical, private practice, and primary care. Important updates in DSM-5-TR include 1) fully revised text for each disorder with updated sections on associated features, prevalence, development and course, risk and prognostic factors, culture, diagnostic markers, suicide, differential diagnosis, and more; 2) addition of prolonged grief disorder (PGD) to Section II; 3) over 70 modified criteria sets with helpful clarifications since publication of DSM-5; 4) fully updated Introduction and Use of the Manual to guide usage and provide context for important terminology; 5) considerations of the impact of racism and discrimination on mental disorders integrated into the text; 6) new codes to flag and monitor suicidal behavior, available to all clinicians of any discipline and without the requirement of any other diagnosis; 7) fully updated ICD-10-CM codes implemented since 2013, including over 50 coding updates new to DSM-5-TR for substance intoxication and withdrawal and other disorders"-- This book is

especially focused on the surgical aspect on Gender Dysphoria. Male to female surgery is widely discussed as well as the female to male conversion. Full information on hormone administration and surgical procedures are provided. Mental health issues are also described, as well as ethics, the law and psychosocial issues. The text is extensively referenced and includes numerous photos, tables and figures to clearly illustrate information. Based on collaboration between international experts in transgender health, this book is an essential guide for health care professionals, educators, students, patients and patients' families concerning the psychological, hormonal, surgical and social support of transgender individuals. A handbook of 'best practices' for correctional administrators and staff professionals in which leading experts and practitioners help you meet the administrative, legal, clinical, security and staff training challenges posed by today's inmate populations. Eleven stories on themes of male to female transgenderism - tales of sex change, forced feminization, sissy schools, maid training, petticoat punishment and cross-dressing. 'I was Aunt Mary's Sissy' - An eccentric aunt who dislikes boys takes her nephew in hand, and soon has the niece she desires.... 'I Turned my Husband into a Girl' - Classic tale from the point of view of the wife, who is sure that things will work out better for both of them if John is turned into Joanne.....many surprises, and a breathtaking ending. 'A Walk on the Wild Side' - Experience a taste of transgender real-life - eavesdrop on the conversation of two trans girls on the streets of Manchester's Gay Village in the 1990s. 'The Lady of the Lake' - Dark Ages fantasy inspired by the 'Iron John' story, a fairy tale first set down by the Brothers Grimm. Explores the theme of recovering lost parts of ourselves. 'How Stephen became Stephanie' - Stephen's landlady conspires with his personnel manager at work to change him into a supermarket check-out girl and part-time maid. 'New Girl on the Ward' - Nicholas has always had a 'thing' about nurses - but he never dreams that one day he

will be wearing that blue uniform himself. The story of a young man's transformation into a female nurse. 'Mother's New Daughter' - A mother begins her plan to feminise her son and change him into the daughter she has always wanted. 'Virtual Reality Woman' - By the early years of the new Millennium there is an unemployed male underclass. The feminist Dr. Hannah Klonek, suggests a solution - to make boys much more like girls. A young male postgraduate is invited to wear the prototype Total Virtual Reality suit and try out the program. And so Andy becomes Laura. A surprise awaits Laura when she discovers what has been done to her real body.... Jackie and Melanie Take Charge - Kevin can't believe his luck when two attractive, sophisticated women pick him up and take him back to their hotel room in Bangkok. But Kevin has fallen into a complicated web of intrigue woven by two formidable female academics. Their research takes on a practical turn when they inveigle Kevin into dressing as a girl, and slowly Kevin is transformed completely into an attractive blonde. School for Sissies - Francois is left fatherless and his mother Lydia is appointed to a teaching job at a girls' preparatory school. Having already taken pleasure in dressing her son as a girl while he was a toddler, she decides he is to be enrolled at the school as a girl. Françoise settles into the life of a girl, and spends five happy years at St. Saviours. When Françoise is eleven years old, her mother begins to think about how Françoise's education as a girl can be continued. Lydia resolves to start her own private high school for girls, with the financial backing of wealthy friends. Lydia's 'special' educational methods of corset training, sissification and petticoat punishment are introduced. Boys who resist sissification are put into tight corsets and undergo complete petticoat punishment. The new 'girls' are started on 'vitamin' pills which are in fact female hormones. At the age of 14 or 15, a regimen of extra female hormones and anti-androgen tablets is added. By the time they are in the Sixth Form; most Stage Four transitioning girls are

practically indistinguishable from their genetically female friends. What happens at Stage Five? - Well, you will need to read the story to find out... Deborah's Decision - Deborah has to choose between a rich and successful businessman and a rather feminine Australian boy whom she meets at work. When she has a night out at a nightclub in London, Deborah encounters a beautiful young woman who turns out to be Tim, the young Australian. Who will Deborah choose - the rich businessman or the Australian girly-boy? This is a book of practice materials for the improvement of voice and articulation. It stresses auditory discrimination, and takes its organization from the phonetic and acoustic features of speech. It includes some introductory information about these features. It is designed for use either as a textbook or as a source of materials for correction of disorders. This open access handbook, the first of its kind, provides a comprehensive and carefully curated multidisciplinary and genre-spanning view of the state of the field of Critical Menstruation Studies, opening up new directions in research and advocacy. It is animated by the central question: "what new lines of inquiry are possible when we center our attention on menstrual health and politics across the life course?" The chapters—diverse in content, form and perspective—establish Critical Menstruation Studies as a potent lens that reveals, complicates and unpacks inequalities across biological, social, cultural and historical dimensions. This handbook is an unmatched resource for researchers, policy makers, practitioners, and activists new to and already familiar with the field as it rapidly develops and expands. **NEW YORK TIMES BESTSELLER** • The inspiring true story of transgender actor and activist Nicole Maines, whose identical twin brother, Jonas, and ordinary American family join her on an extraordinary journey to understand, nurture, and celebrate the uniqueness in us all. Nicole appears as TV's first transgender superhero on CW's Supergirl When Wayne and Kelly Maines adopted identical twin boys, they thought their lives were complete. But by the time

Jonas and Wyatt were toddlers, confusion over Wyatt's insistence that he was female began to tear the family apart. In the years that followed, the Maineses came to question their long-held views on gender and identity, to accept Wyatt's transition to Nicole, and to undergo a wrenching transformation of their own, the effects of which would reverberate through their entire community. Pulitzer Prize-winning journalist Amy Ellis Nutt spent almost four years reporting this story and tells it with unflinching honesty, intimacy, and empathy. In her hands, *Becoming Nicole* is more than an account of a courageous girl and her extraordinary family. It's a powerful portrait of a slowly but surely changing nation, and one that will inspire all of us to see the world with a little more humanity and understanding. Named One of the Ten Best Books of the Year by People • One of the Best Books of the Year by The New York Times Book Review and Men's Journal • A Stonewall Honor Book in Nonfiction • Finalist for the Lambda Literary Award for Transgender Nonfiction "Fascinating and enlightening."—Cheryl Strayed "If you aren't moved by *Becoming Nicole*, I'd suggest there's a lump of dark matter where your heart should be."—The New York Times "Exceptional . . . 'Stories move the walls that need to be moved,' Nicole told her father last year. In telling Nicole's story and those of her brother and parents luminously, and with great compassion and intelligence, that is exactly what Amy Ellis Nutt has done here."—The Washington Post "A profoundly moving true story about one remarkable family's evolution."—People "Becoming Nicole is a miracle. It's the story of a family struggling with—and embracing—a transgender child. But more than that, it's about accepting one another, and ourselves, in all our messy, contradictory glory."—Jennifer Finney Boylan, former co-chair of GLAAD and author of *She's Not There: A Life in Two Genders* Warning! Contains Intense Sissy Domination Erotica! Contains 4 erotically charged sissy and feminization bdsm domination stories, if you like sissy stories then this is one bundle you don't

want to miss. A boy becomes a girl? A girlfriend decides that her fem, sissy boyfriend is that way for a reason and takes him on a journey into male feminization. She transforms him by crossdressing him, getting him a feminine haircut, manicured long nails, ear piercings, and makeup. The final result is a lovely, sexy, sensual girl, who knows what she truly is. Can this new girl's male ego give up her past paradigms to enter into a newer and better life? Will she see that her new feminized presentation can be a benefit for her, or will she fight it to the end? What will she do with the attention men want to give her? Will she lose her loving girlfriend to a real man, or will she find a man to love herself? Experience a world of discovery as a sissy boyfriend enters a new way of looking at things, and fights her old self, gaining love and a new life in this LGBT, bisexual romance, where gender-bending and feminization are a way of life and a source of joy. Experience the transformation in this hot and steamy, short-read, new adult, first-time romance. Look inside now! Kathoey Ladyboy II. sells her sissy's body to a slut for cash. Halloween
Husband Gemma's company is throwing a Halloween fancy dress
party. Her husband Rob gets tricked AND treated. Sissy Christmas
Present A young man ends up sexily 'gift-wrapped' for his
girlfriend. No More Trousers An out of work husband, unable to

afford his own clothes is gradually forced to borrow more and more of his wife's clothes. Book 4 - Sheila's New Girly Sheila is angered when her flatmate makes fun of the transgendered patients at the clinic where she works. She decides to teach him a lesson in exactly what they do at the clinic and how a man can be feminised against his will. Resist as he might, Sheila's flatmate is going to become her new girly! Bonus Story - Library Girl When he loses a bet to his girlfriend, she decides his forfeit will be to try to pass as a woman in public. Both of them are surprised by the results. Book 5 - Dancing In My Girlfriend's Mini-Skirt A young man reluctantly agrees to wear a skirt for his girlfriend, not realising how far she intends to feminise him. Book 6 - Not Always a Bridesmaid When his best friend Jackie decides to marry her lesbian lover, she reminds Sam of a drunken promise he'd once made...to be her bridesmaid if she ever got married! Sam's girlfriend Helen loves the idea and he is helpless to resist as the women in his life make him more and more feminine. How far will it all go and will he be allowed to escape his reluctant femininity once Jackie's wedding is over?

From the turn of the twentieth century to the 1950s, a group of transgender people on both sides of the Atlantic created communities that profoundly shaped the history and study of sexuality. By exchanging letters and pictures among themselves they established private networks of affirmation and trust, and by submitting their stories and photographs to medical journals and popular magazines they sought to educate both doctors and the public. Others of My Kind draws on archives in Europe and North America to tell the story of this remarkable transatlantic transgender community. This book uncovers threads of connection between Germany, the United States, and the Netherlands to discover the people who influenced the work of authorities like Magnus Hirschfeld, Harry Benjamin, and Alfred Kinsey not only with their clinical presentations, but also with their personal relationships. It explores the ethical and analytical challenges that come with the

study of what was once private, secret, or unacceptable to say. With more than 170 colour and black and white illustrations, including many stunning, previously unpublished photographs, *Others of My Kind* celebrates the faces, lives, and personal networks of those who drove twentieth-century transgender history. Do you want to feminize a male, or you as a male want, or have been told to, become feminized? Feminization: 1) To give a feminine appearance or character to. 2) To cause (a male) to assume feminine characteristics. This is not for those who wish to permanently change their gender, but rather for those who wish to feminize temporarily, though sometimes repeatedly and regularly, in order to proficiently crossdress as a woman. This feminization guide is for a male by gender who, may, or may not be, a "real" man by some opinions, but nonetheless a male, who has chosen, or has been told to, or is being coerced into, becoming feminine in appearance and character. This guide is to be given to those who have been tasked with becoming a feminized male as part of a process to feminize them, or purchased for use by males who wish to feminize themselves. It doesn't have any magic potions or formulas, special makeup or fancy tools, use any drugs or surgery. It does cover all the aspects of eliminating the 'man markers' that set males aside from women, and make a male less feminine than they could ultimately be. It will demasculinize anything that may have had a masculine overtone with the male. It will also aid the feminized male to feel more sensual and sexy in a feminine role. The guide is short - about 15.000 words and around sixty pages, but covers eliminating the things that keep a male from becoming as fully feminized as much as their male body and characteristics allow. After the male has read this, acted upon this information fully, and practiced, he will be the best feminized male he can be. He will reach crossdressing perfection as a male to female (MTF) cross dresser. He will have the routines of maintenance and upkeep of the feminized male body, which will keep him ready,

and most likely anxious, to fairly quickly, crossdress at the request of their wife, mistress, or whim of his own. Whether the reason be from femdom, a wife led relationship, female led relationship, cuckolding, cuckoldry, a hot wife, male chastity, forced crossdressing, forced chastity, female domination, submissive training, sissy training, or purely their own desire to become feminine, a diligent male student who incorporates the information in this guide with passion and drive will become the perfect crossdressing male, as fully feminized as possible. Upon following the elements in this guide, the feminized male will be able to proudly display how feminine he has become to anyone he, or the one who coerced him, choose to. Should this be a singular undertaking, the individual will be able to see and feel the difference in the degree of feminization they have achieved after practicing and perfecting the elements, and thus, bring greater pleasure and satisfaction to the resulting feminization. This will be time consuming and will require dedication and diligence in order for a male to feminize to his best. If you are purchasing this for yourself, or someone else, beware of that in order to allow the necessary time and resources. Look inside now. Buy yourself a copy, or give one to a male you want to feminize. It is a small, but valuable investment in a male's journey toward maximum feminization. Adult Transgender Care provides an overview of transgender health and offers a comprehensive approach to training mental health professionals in transgender care. The book takes an interdisciplinary approach to transgender care, emphasizing the complementary contributions of psychiatry, psychology, and social work in providing transgender care within an integrated treatment team. Included in this text are overviews of how to conceptualize and provide treatment with complex and difficult clinical presentations and considerations for understanding how to address system-level challenges to treatment. Adult Transgender Care meets a unique need by providing detailed information, clinical interventions, case

studies, and resources for mental health professionals on transgender care. A lazy son with no ambitions for the future is sent for the summer to Mannerhouse, a luxurious mansion in a stunning setting, to gain purpose in life. Little does he know, he'll be feminized--not simply crossdressed--into a gorgeous, sexy, classy woman...almost. He becomes Felicity Dee Light and is trained in every aspect of proper society, including manners, deportment, fashion, and everything a woman needs to know to take care of and properly represent her man. The only problem for Felicity is she's still a male inside. Can she rise to the occasion, or is she to be forever relegated to living a purposeless life? Will she fail at this, as she has in everything else? Come and immerse yourself in Felicity Dee Light's story, where life takes on a totally new and terrifying--yet potentially purposeful and wonderful--twist in this new-adult, LGBT, bisexual, short-read, transgender romance. Look inside now. This book focuses on the issue of sex and gender in the evaluation and treatment of patients in delivering acute medical care. Genre: TG Scifi I could never go back now, and I wouldn't want to... When the Plex arrived, they transformed men into women for their feminization and repopulation program. Jason joined up, turned into Jayna and learned all about the pleasures of the female body. Now it's time for her biological duty: getting pregnant and giving birth. Jayna thinks she knows what it means to be a girl, but pregnancy will make her a woman. Big boobs, an enormous stomach, extra sensitivity and she's with a muscled alien man that knows how to pleasure his woman. What could be better? Note: This transgender novella contains detailed descriptions of pregnancy sex with a muscled alien and a former male exploring her new fertile and round body. It is told with dual perspectives from Jayna and her husband's point of view. This is a sequel to *Feminized by Aliens* where the feminization happened but this book can be read on its own. It's intended for those who love steamy sci-fi stories involving men who turned into women with a

touch of sweetness. Each story in the Plexian Feminization Collection is self-contained. IF YOU LIKED THIS BOOK You may want to have more fun with these stories set in the same universe below: Listed in Chronological Order. *FREE* Taken by Aliens Feminized by Aliens Emasculated By Aliens Voice feminization is a growing phenomenon driven mainly by transwomen wishing to create a true feminine voice to match their personality. Transgendered people are the main audience for this book because they will need to make long lasting changes to their voice but there are several other groups that may also benefit from understanding the female dialect: actors/singers, stage performers/impersonators, on-line game players and produces, crossdressers, men working in female dominated jobs, and women wanting to sound more seductive. In this straightforward how-to-book, are all the tricks and tips you'll need for a passable female voice or just to gain more rapport with female dominated groups. The second edition of Voice and Communication Therapy for the Transgender/Transsexual Client is still the only book of its kind. This comprehensive guide includes evidence-based practice about the voice as well as non-verbal areas. Speech-language Pathologists, ENT physicians, and professors within the areas of singing, theatre, and voice disorders will find this text to be a necessary resource. Written by a social worker, popular educator, and member of the transgender community, this well-rounded resource combines an accessible portrait of transgenderism with a rich history of transgender life and its unique experiences of discrimination. Chapters introduce transgenderism and its psychological, physical, and social processes. They describe the coming out process and its effect on family and friends, the relationship between sexual orientation, and gender and the differences between transsexualism and lesser-known types of transgenderism. The volume covers the characteristics of Gender Identity Disorder/Gender Dysphoria and the development of the transgender movement. Each chapter explains how transgender

individuals handle their gender identity, how others view it within the context of non-transgender society, and how the transitioning of genders is made possible. Featuring men who become women, women who become men, and those who live in between and beyond traditional classifications, this book is written for students, professionals, friends, and family members. In *Going Stealth* Toby Beauchamp demonstrates how the enforcement of gender conformity is linked to state surveillance practices that identify threats based on racial, gender, national, and ableist categories of difference. Positioning surveillance as central to our understanding of transgender politics, Beauchamp examines a range of issues, from bathroom bills and TSA screening practices to Chelsea Manning's trial, to show how security practices extend into the everyday aspects of our gendered lives. He brings the fields of disability, science and technology, and surveillance studies into conversation with transgender studies to show how the scrutinizing of gender nonconformity is motivated less by explicit transgender identities than by the perceived threat that gender nonconformity poses to the U.S. racial and security state. Beauchamp uses instances of gender surveillance to demonstrate how disciplinary power attempts to produce conformist citizens and regulate difference through discourses of security. At the same time, he contends that greater visibility and recognition for gender nonconformity, while sometimes beneficial, might actually enable the surveillance state to more effectively track, measure, and control trans bodies and identities. A troubling study of the role that medical racism plays in the lives of black women who have given birth to premature and low birth weight infants Black women have higher rates of premature birth than other women in America. This cannot be simply explained by economic factors, with poorer women lacking resources or access to care. Even professional, middle-class black women are at a much higher risk of premature birth than low-income white women in the United States. Dána-Ain Davis looks into this phenomenon, placing racial

differences in birth outcomes into a historical context, revealing that ideas about reproduction and race today have been influenced by the legacy of ideas which developed during the era of slavery. While poor and low-income black women are often the “mascots” of premature birth outcomes, this book focuses on professional black women, who are just as likely to give birth prematurely. Drawing on an impressive array of interviews with nearly fifty mothers, fathers, neonatologists, nurses, midwives, and reproductive justice advocates, Dána-Ain Davis argues that events leading up to an infant’s arrival in a neonatal intensive care unit (NICU), and the parents’ experiences while they are in the NICU, reveal subtle but pernicious forms of racism that confound the perceived class dynamics that are frequently understood to be a central factor of premature birth. The book argues not only that medical racism persists and must be considered when examining adverse outcomes—as well as upsetting experiences for parents—but also that NICUs and life-saving technologies should not be the only strategies for improving the outcomes for black pregnant women and their babies. Davis makes the case for other avenues, such as community-based birthing projects, doulas, and midwives, that support women during pregnancy and labor are just as important and effective in avoiding premature births and mortality. Since the 1980s, when the War on Drugs kicked into high gear and prison populations soared, the increase in women's rate of incarceration has steadily outpaced that of men. In *Breaking Women*, Jill A. McCorkel draws upon four years of on-the-ground research in a major US women's prison to uncover why tougher drug policies have so greatly affected those incarcerated there, and how the very nature of punishment in women's detention centers has been deeply altered as a result. Through compelling interviews with prisoners and state personnel, McCorkel reveals that popular so-called “habilitation” drug treatment programs force women to accept a view of themselves as inherently

damaged, aberrant addicts in order to secure an earlier release. These programs work to enforce stereotypes of deviancy that ultimately humiliate and degrade the women. The prisoners are left feeling lost and alienated in the end, and many never truly address their addiction as the programs' organizers may have hoped. A fascinating and yet sobering study, *Breaking Women* foregrounds the gendered and racialized assumptions behind tough-on-crime policies while offering a vivid account of how the contemporary penal system impacts individual lives. Jill A. McCorkel is Associate Professor of Sociology at Villanova University. This unique resource offers an in-depth, comprehensive look at different types of mental health needs of transgender and gender diverse youth, how these intersect with gender identity, gender expression, and sexual orientation, and provides practical information on how to ethically, responsibly, and sensitively care for these patients. *Affirmative Mental Health Care for Transgender and Gender Diverse Youth: A Clinical Guide* begins with three introductory chapters which contain practical information regarding assessment, psychological interventions, and the potential medical and surgical interventions that are indicated for youth with gender identity concerns. The remaining chapters are illustrated by multiple cases build around overarching chapter themes. Each case chapter opens with broad questions applicable to clinical practices, while the cases themselves focus on a particular co-occurring mental health condition. The case chapters are structured with intersectionality in mind, including elements of ethnic, racial, and cultural diversity, and the patients range over the full developmental spectrum, from pre-pubertal children to older adolescents. Chapter cases range in complexity as well, to provide readers with the tools they need to evaluate patients, and to assist in the decision of which presenting factors to prioritize in treatment at which time. Ending each chapter are clinical take-home messages, closing with additional practical knowledge that can be

applied to other cases providers may see in their own practices. Written by expert clinicians in the field, *Affirmative Mental Health Care for Transgender and Gender Diverse Youth: A Clinical Guide* is an ideal resource not only for child and adolescent psychiatrists, but for clinicians across all mental health disciplines working with gender non-conforming youth, and who are interested in providing informed, affirmative, and intersectional care. This book is a rare and pioneering one. It is also a unique one....highly informative and useful... -- BIZ INDIA

Some people pursue medical interventions as part of the process of expressing their gender, and an increasing number of gender affirmation surgeries are being performed. This book, which provides comprehensive coverage of the subject, is edited by three well-respected and experienced authors with over 20 contributors from around the world. It features full coverage of both medical and surgical treatment, supported by over 350 full-color drawings and photos and surgical video.

A closeted male-to-female crossdresser is found out by another crossdresser in a Victoria's Secret store. The new acquaintance manages to convince the closeted one to take the feminization to a new level. Once they're both fully feminized, the new acquaintance takes her along on a weeklong adventure in the Poconos at a private resort, where male and female admirers of crossdressers, other crossdressers, and women who love crossdressers all go to meet for an uninhibited summer vacation. Experience a world of discovery as an occasional crossdresser enters a new way of looking at things and fights old paradigms to gain love and a new life in this LGBT, bisexual romance, where gender-bending and feminization are a way of life and source of joy, and old paradigms are smashed to pieces in this hot and steamy short-read romance.

Lambda Literary Award for Best Book in Transgender Nonfiction, 2013

If feminist studies and transgender studies are so intimately connected, why are they not more deeply integrated? Offering multidisciplinary models for this

assimilation, the vibrant essays in *Transfeminist Perspectives in and beyond Transgender and Gender Studies* suggest timely and necessary changes for institutions of higher learning. Responding to the more visible presence of transgender persons as well as gender theories, the contributing essayists focus on how gender is practiced in academia, health care, social services, and even national border patrols. Working from the premise that transgender is both material and cultural, the contributors address such aspects of the university as administration, sports, curriculum, pedagogy, and the appropriate location for transgender studies. Combining feminist theory, transgender studies, and activism centered on social diversity and justice, these essays examine how institutions as lived contexts shape everyday life. In this enlightening book, journey inside the soul and mind of a transgender person. The book focuses on bringing into enlightenment the inner circles and lifestyle of transgender people and also addresses the issue of self-consciousness and awareness right from childhood to maturity. The influence of friends, relatives and loved ones in the journey of self-discovery and as they embark on the amazing true journey from male to female. Follow the life of a boy growing up to becoming a man, living with a secret he kept buried in him for 50 years experiencing the good, bad and ugly of life and then overcoming these challenges and doubts finally making the decision that changes his life *Sissy Stuffing - A Short Forced Feminization Sissy Story* is Lilly Lustwood's fifth offering from her *Short Forced Feminization Fiction Selections* series. Hyacinth Lane is known for its trophy wives who possess grace, style, and gourmet cooking techniques. Martha Stevens, a transgender woman and the President of the Pearly Planes Homeowners Association in Calabasas, California, has been basking in the glory for four consecutive years brought upon by her Key Lime Pie and flawless service for the residents. Enter Gwyn Powell, a Pearly Planes native and the son of Gina Powell, one of their town's

homeowners who plans to help his mother take over Martha's position by using his sinfully saccharine Butter Pecan Pie. Will the young man's insolence tilt Martha's crown or is he destined to be stuffed, basted, and glazed like a turkey for Thanksgiving? Clutch your Pearl Necklace Tight and Prepare for a Wild Forced Feminization Ride! Note: This sissy fiction contains domination, a submissive sissy, and a dominant transgender woman. All characters are within the legal age of consent.
