From the Ashes of Angels Jan 07 2021 Provides convincing evidence that angels, demons, and fallen angels were flesh-and-blood members of a giant race predating humanity, spoken of in the Bible as the Nephilim. • Indicates that the earthly

paradise of Eden was a realm in the mountains of Kurdistan. • By the author of Gateway to Atlantis. Our mythology describes how beings of great beauty and intelligence, who served as messengers of gods, fell from grace through pride. These angels, also known as Watchers, are spoken of in the Bible and other religious texts as lusting after human women, who lay with them and gave birth to giant offspring called the Nephilim. These religious sources also record how these beings revealed forbidden arts and sciences to humanity--transgressions that led to their destruction in the Great Flood. Andrew Collins reveals that these angels, demons, and fallen angels were flesh-and-blood members of a race predating our own. He offers evidence that they lived in Egypt (prior to the ancient Egyptians), where they built the Sphinx and other megalithic monuments, before leaving the region for what is now eastern Turkey following the cataclysms that accompanied the last Ice Age. Here they lived in isolation before gradually establishing contact with the developing human societies of the Mesopotamian plains below. Humanity regarded these angels--described as tall, white-haired beings with viperlike faces and burning eyes--as gods and their realm the paradise wherein grew the tree of knowledge. Andrew Collins demonstrates how the legends behind the fall of the Watchers echo the faded memory of actual historical events and that the legacy they have left humanity is one we can afford to ignore only at our own peril.

And then my memories vanished, as if a plug had been pulled. When young lawyer Brek Cutler finds herself covered in blood and standing on a deserted railway platform, she has no memory of how she got there . . . For one very good reason: she's dead. But she's not allowed to grieve for her lost life, her widowed husband, or her beautiful but now motherless baby daughter - because she has a job to do. She's been chosen to join the elite lawyers who prosecute and defend souls at the Final Judgement. In a seemingly deliberate coincidence, her first client seems to hold the key to unlock the chain of events that led to Brek's death . . . A chain that stretches far back into the past and an array of shocking, secret crimes. And so Brek embarks on a quest that sees her traverse Heaven and Earth to bring her killer to justice. If she's ever to learn the whole truth about her death, though, she must also place her own soul on trial - and make a choice that will potentially echo throughout eternity. Telling a story of life, death and ever after, James Kimmel Jr.'s The Trial of Fallen Angels is unique, haunting and utterly unforgettable. James Kimmel Jr. received a doctorate in jurisprudence from the University of Pennsylvania and now works as a lawyer. This is his first novel. He lives in the United States.

Demons Nephilim Angels Aug 02 2020 In *Demons, Nephilim, and Angels*, Etienne explains how Satan, his demons, fallen angels, aliens, and the giant Nephilim originated and have infiltrated the original earth, the chaotic earth, the restored earth, and the world that we live in. The original earth was a spiritual world that included Lucifer, the angels, cherubs, seraphim, and other created beings and heaven. God created Lucifer and the angels to serve Him. Lucifer was determined to exercise his will to sit on God's throne. He wanted to be God and not a servant of God. Lucifer was a hybrid being, half-man and half-angel. He was the cause of the chaotic earth. In the chaotic earth, God was angry with Lucifer for trying to take His place and tampering with the genes/DNA of the other creatures that lived on the earth and the planets at that time. God destroyed the earth and Rahab, where Lucifer was king, with a flood and turned it upside down and in darkness. Lucifer was kicked out of heaven and demoted to the prince of the power of the air. After God restored the earth and recreated it, He made mankind in His image. Lucifer detests mankind and wants to alter our DNA.

The Fallen Angels Book Club Oct 04 2020

Fallen Angels Apr 22 2022 The problem of evil has challenged mankind ever since the dawn of intelligence. Why is there evil in the world and why do pain and suffering come upon those who do not seem to deserve it? Written in a simple, popular style, Bamberger's book, first published in 1952, will appeal to anyone who, no matter what his own answer to the question may be, is curious to learn how it has been answered in the past or is being answered by others in our own age. The author traces the history of the belief in fallen angels in Judaism, Christianity and Islam, and assembles a variety of tales and superstitions -- some grotesque, others quaint and humorous. His presentation also reveals a basic divergence between Judaism and Christianity in their respective attitudes toward the devil. The concluding chapter of the work deals with the return of the devil to prominence in contemporary religious thought and shows how Judaism seeks its own solution to the problem of evil. The book contains an extensive bibliography, notes, and index.

Gateway of the Gods Dec 06 2020 This ground-breaking and provocative book presents

new and astonishing interpretations of ancient history, mythology and world religions that will call many established beliefs into question. In *Gateway of the Gods*, author Craig Hines invites readers to reconsider preconceived notions concerning Biblical theology in light of recent scientific discoveries and inquiries concerning the nature of the universe. This fascinating exploration reveals a number of ideas that have been suppressed and obscured behind layers of symbolism and misguided propaganda for thousands of years... until now. Why is it that so many world cultures share details of an event when fallen angels descended upon the earth and fathered hybrid offspring called the Nephilim? Is it possible that these beings used "gateway" technology housed within pyramids and holy temples to travel between the heavenly and earthly realms? Do the latest advances in theoretical physics lend credibility to the idea that otherworldly beings might reside in dimensions parallel to our own? Do the recorded voices of the "dead," known as Electronic Voice Phenomena (EVP), indicate that we may be able to communicate with these other realms? Was a secret message embedded within ancient texts that could only be revealed after we have attained the knowledge and technology necessary to understand it? Does this message offer a solution to the approaching environmental disaster that scientists warn will be more devastating to human civilization than any others in recorded history? Drawing from a variety of historical sources and years of meticulous research, the author weaves together a compelling argument involving a range of seemingly disparate topics that when considered together, formulate a radically new narrative concerning the history and destiny of the human race.
