Guerrilla Girls: The Art of Behaving Badly

Aug 24 2019 Guerrilla Girls: The Art of Behaving Badly is the first book to catalog the entire career of the Guerrilla Girls from 1985 to present. The Guerrilla girls are a collective of political feminist artists who expose discrimination and corruption in art, film, politics, and pop culture all around the world. This book explores all their provocative street campaigns, unforgettable media appearances, and large-scale exhibitions. • Captions by the Guerrilla Girls themselves contextualize the visuals. • Explores their well-researched, intersectional takedown of the patriarchy In 1985, a group of masked feminist avengers—known as the Guerrilla Girls—papered downtown Manhattan with posters calling out the Museum of Modern Art for its lack of representation of female artists. They quickly became a global phenomenon, and the fearless activists have produced hundreds of posters, stickers, and billboards ever since. • More than a monograph, this book is a call to

arms. • This career-spanning volume is published to coincide with their 35th anniversary. • Perfect for artists, art lovers, feminists, fans of the Guerrilla Girls, students, and activists • You'll love this book if you love books like Wall and Piece by Banksy, Why We March: Signs of Protest and Hope by Artisan, and Graffiti Women: Street Art from Five Continents by Nicholas Ganz *The Art of the Book of Life* Feb 20 2022 A tale packed with adventure, *The Book of Life* celebrates the power of friendship and family, and the courage to follow your dreams. To determine whether the heart of humankind is pure and good, two godlike beings engage in an otherworldly wager during Mexico's annual Day of the Dead celebration. They tether two friends, Manolo and Joaquin, into vying for the heart of the beautiful and fiercely independent Maria, with comical and sometimes dangerous consequences. This volume is an inspirational behind-the-scenes look at the making of the

animated feature film *The Book of Life*, from visionary producer Guillermo del Toro (*Pan's Labyrinth*) and director Jorge R. Gutierrez (*El Tigre: The Adventures of Manny Rivera*).

The Art of Thinking Clearly Jun 26 2022 A world-class thinker counts the 100 ways in which humans behave irrationally, showing us what we can do to recognize and minimize these “thinking errors” to make better decisions and have a better life Despite the best of intentions, humans are notoriously bad—that is, irrational—when it comes to making decisions and assessing risks and tradeoffs. Psychologists and neuroscientists refer to these distinctly human foibles, biases, and thinking traps as “cognitive errors.” Cognitive errors are systematic deviances from rationality, from optimized, logical, rational thinking and behavior. We make these errors all the time, in all sorts of situations, for problems big and small: whether to choose the apple or the cupcake; whether to keep retirement funds in

the stock market when the Dow tanks, or whether to take the advice of a friend over a stranger. The “behavioral turn” in neuroscience and economics in the past twenty years has increased our understanding of how we think and how we make decisions. It shows how systematic errors mar our thinking and under which conditions our thought processes work best and worst. Evolutionary psychology delivers convincing theories about why our thinking is, in fact, marred. The neurosciences can pinpoint with increasing precision what exactly happens when we think clearly and when we don't. Drawing on this wide body of research, *The Art of Thinking Clearly* is an entertaining presentation of these known systematic thinking errors--offering guidance and insight into everything why you shouldn't accept a free drink to why you SHOULD walk out of a movie you don't like it to why it's so hard to predict the future to why shouldn't watch the news. The book is organized into 100 short chapters, each

covering a single cognitive error, bias, or heuristic. Examples of these concepts include: Reciprocity, Confirmation Bias, The It-Gets-Better-Before-It-Gets-Worse Trap, and the Man-With-A-Hammer Tendency. In engaging prose and with real-world examples and anecdotes, *The Art of Thinking Clearly* helps solve the puzzle of human reasoning.

The Art of the Soluble May 14 2021 First published in 1967, *The Art of the Soluble* presents collection of essays giving the views of the author on creativity and originality in science and on the logical connections between creative and critical thought. It is also a pioneering study of the ethology of the scientists - of the anatomy of scientific behaviour. Is it true that scientists are detached or dispassionate observers of Nature? What underlies the scientist's deep concern over the matters of priority? How did a class distinction grow up between pure and applied science? By what criteria do scientists value their own and their

colleagues work? Some of the answers grow out of author's four critical studies of Teilhard de Chardin, Arthur Koestler, D'Arcy Thompson and Herbert Spencer and the book as whole is knit together by a major essay Hypothesis and Imagination, on the nature of scientific reasoning. P. B. Medawar, who won the Nobel Prize for Medicine in 1960, did not see science as a book-keeping of Nature but, on the contrary, as the greatest of human adventures. This book will be an essential read for scholars and researchers of philosophy of Science, natural science, and philosophy in general

The Art of Gathering Oct 31 2022 We spend our lives gathering - first in classrooms and then in meetings, weddings, conferences and away days. Yet so many of us spend this time in underwhelming moments that fail to engage us, inspire us, or connect us. We've all sat in meetings where people talk past each other or go through the motions and others which galvanize a team and remind everyone why they

first took the job. We've been to weddings that were deeply moving and others that were run-of-the-mill and simply faded away. Why do some moments take off and others fizzle? What's the difference between the gatherings that inspire you and the ones that don't? In *The Art of Gathering*, Priya Parker gets to the heart of these questions and reveals how to design a transformative gathering. An expert on organizing successful gatherings whether in conference centres or her living room, Parker shows us how to create moving, magical, mind-changing experiences - even in spaces where we've come to expect little.

[The Art of War](#) Dec 21 2021

The Art of Badassery Dec 29 2019 For any woman who feels burned out, beaten down, or like she might break under the pressure, third-degree black belt and motivational coach of ABC's *My Diet Is Better Than Yours* teaches a unique brand of badassery--how to get back up no matter what life throws at you; how to level

up your mind, body and spirit; and how to turn your setbacks into secret weapons. Jennifer Cassetta is a nationally recognized keynote speaker, health and empowerment coach, and a 3rd-degree black belt in Hapkido. After a brush with death on September 11th, 2001, three blocks south of the World Trade Center, and then fending off an attacker late one night months later, Jenn took a deep dive into martial arts training where she learned how to harness the power of mind, body, and spirit. Now she teaches women from colleges to corporations how to unleash their inner badass by using dojo wisdom as a metaphor for life. Whether the opponent is a financial hardship, a difficult boss, or being in a manipulative relationship, Cassetta teaches readers how to flex their mental muscle, how to rise above fears, and how to turn setbacks into superpowers. Through thought-provoking exercises and no-holds-barred humor, she shows women how to close the door on blame and shame; how to grow from their

Greatest (S)Hits List of life disappointments; and how to disarm and defend against the blocks that hold them back. In life--just like in martial arts--we get pushed and pulled and kicked down. We get banged up and bruised and stretched to our limits. Cassetta champions women that while they may bend, they will not break, and that they have the power within them to rise up and stand tall. Chapter 1: WHITE BELT: Embrace the Suck Chapter 2: YELLOW BELT: Bounce Back Chapter 3: ORANGE BELT: Block the Bullshit Chapter 4: GREEN BELT: Find Your Roar Chapter 5: BLUE BELT: Elevate Your Energy Chapter 6: RED BELT: Connect with Your Warrior Within Chapter 7: BLACK BELT: Take the Lead

Climate Change and the Art of Devotion Jul 28 2022 In the enchanted world of Braj, the primary pilgrimage center in north India for worshippers of Krishna, each stone, river, and tree is considered sacred. In *Climate Change and the Art of Devotion*, Sugata Ray shows how

this place-centered theology emerged in the wake of the Little Ice Age (ca. 1550–1850), an epoch marked by climatic catastrophes across the globe. Using the frame of geoaesthetics, he compares early modern conceptions of the environment and current assumptions about nature and culture. A groundbreaking contribution to the emerging field of eco-art history, the book examines architecture, paintings, photography, and prints created in Braj alongside theological treatises and devotional poetry to foreground seepages between the natural ecosystem and cultural production. The paintings of deified rivers, temples that emulate fragrant groves, and talismanic bleeding rocks that Ray discusses will captivate readers interested in environmental humanities and South Asian art history.

Trump: The Art of the Deal Mar 24 2022

THE NUMBER
ONE BESTSELLER FROM THE 45th
PRESIDENT OF THE UNITED STATES 'I like

thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big.' - Donald J. Trump

Here is Trump in action - how he runs his business and how he runs his life - as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and changes the face of the New York City skyline. But even a maverick plays by the rules, and Trump has formulated eleven guidelines for success. He isolates the common elements in his greatest deals; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks - really talks - about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur and an unprecedented education in the practice of deal-making. It's the most streetwise business book there is - and the ultimate read for anyone interested in making money and achieving success, and knowing the man behind the spotlight.

The Art of the Publisher May 02 2020 'All the books published by a certain publisher could be seen as links in a single chain' In this fascinating memoir and manifesto the author and publisher Roberto Calasso meditates on the art of book publishing. With his signature erudition and polemical flair, Calasso transcends Adelphi to look at the publishing industry as a whole, from the essential importance of graphics, jackets and cover flaps to the consequences of universal digitization. And he outlines what he describes as the 'most hazardous and ambitious' profile of what a publishing house can be: a book comprising many books, akin to that of other twentieth-century publishers, from Giulio Einaudi to Roger Straus, of whom the book offers brief portraits.

The Art of The Last of Us Feb 29 2020 Naughty Dog Studios and Dark Horse proudly present the essential companion to The Last of Us, a richly detailed and compelling game set in a postpandemic world where humans have

become an endangered species. Featuring concept art, character designs, and astonishing settings and landscapes, *The Art of The Last of Us* provides a unique look at one of the gaming world's most eagerly anticipated titles. * A must-have companion to the game. * Incredible full-color artwork! * The latest project from Naughty Dog Studios. * *The Last of Us* swept the top Game Critics awards at 2012's E3 conference. *My Art Book of Happiness* Jan 28 2020 The third in an introductory series to fine art curated by theme for young children Emotions are part of every toddler's day... and now, part of their first art collection! 35 full-page artworks from a variety of periods introduce emotions through one of the most important feelings of all - happiness. Each image is accompanied by a brief, tender, read-aloud text, and the work's title and artist's name are included as secondary material for true integration of narrative and information. It's a perfect introduction to this wonderful emotion for families of all kinds. Ages

2-4

The Art of Discarding Aug 17 2021 The original Japanese edition of *The Art of Discarding*, titled *Suteru! Gijutsu*, was published in 2000 and became an overnight sensation - selling a million copies in six months and inspiring a young Marie Kondo. The book has since become a multimillion-copy international bestseller, but it has never been translated into English, until now. In this guide to living a calmer, more ordered life, renowned author Nagisa Tatsumi teaches us how letting go of unwanted things will transform our day-to-day happiness. The book offers practical advice and techniques to help readers learn to let go of stuff that is holding them back, as well as tips for acquiring less in the first place. It's time to live with less.

The Art of the Steal Sep 29 2022 *The Art of the Steal* tells the story of several larger-than-life figures - the billionaire tycoon Alfred Taubman; the most powerful woman in the art

world, Dede Brooks; and the wily British executive Christopher Davidge - who conspired to cheat their clients out of millions of dollars. It offers an unprecedented look inside this secretive, glamorous, gold-plated industry, describing just how Sotheby's and Christie's grew from clubby, aristocratic businesses into slick international corporations. And it shows how the groundwork for the most recent illegal activities was laid decades before the perpetrators were caught by federal prosecutors.

Art of Mana Jan 22 2022 Celebrating the first twenty-five years of Mana adventures! Since the first game's release in 1991, Square Enix has been dazzling fans worldwide with the fantastical and action-packed world of Mana. More than twenty-five years later, the magic of Mana still lives on and now Dark Horse Books and Square Enix are proud to present The Art of Mana. The first official art book of Square Enix's hit Mana video game series, The Art of Mana

collects more than twenty-five years' worth of memories with over 200 pages featuring more than 400 illustrations from the original creative team along with detailed explorations of every character, original sketches, world designs, and much more. Presented in English for the first time, this beautiful collection is not to be missed.

The Picture Book Oct 19 2021 Surveying fresh illustration work from across the globe, this book presents a spectrum of styles, techniques and subject matter representative of trends and innovations. Each artist's work is accompanied by a self-portrait and a profile exploring their inspirations and their approach both to illustration and to their career.

Art of the Book Dec 01 2022 Despite critics' claims that technology has dealt a death-blow to the centuries old art form of book making, this volume proves that the bound book is indeed alive and well. A comprehensive guide to printed volumes, featuring not only finished projects but also the techniques and materials of book

making, as well as definitions of the terminology. *The Subtle Art of Not Giving a F**ck* Jan 02 2023 #1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. *The Subtle Art of Not Giving a F**k* is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives

hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F**k* is a refreshing slap for a

generation to help them lead contented, grounded lives.

The Art of War for Women Jun 14 2021 Forget everything you think you know about strength, strategy and success. This brilliant adaptation of the ancient masterpiece The Art of War shows women how to use Sun Tzu's philosophy to win in every aspect of life. Would you like to transform your weaknesses into strengths? Succeed at work without compromising your ethics? Integrate your style and personal philosophy into every action you take? If so, this book is for you. In The Art of War for Women, bestselling author Chin-Ning Chu brings the eternal wisdom of philosopher-general Sun Tzu to women looking to gain a better understanding of who they are--and, more importantly, who they want to be. Although Sun Tzu's book is about the application of strategies and determining the most efficient way of gaining victory with the least amount of conflict, every one of those strategies begins with having a

deep understanding of the people and the world around us. They also require us to understand ourselves--our strengths and weaknesses, our goals and fears. In other words, the aim is not to apply a series of rules coldly and dispassionately, but rather to integrate ourselves and our unique talents into the strategies we will employ. This is not a feel-good book. (But you will feel good after reading it.) It is not a motivational book. (But you will be motivated to achieve what you want, once you are done.) Ultimately, its purpose is to provide women with the strategies we all need to overcome the obstacles that stand in the way of our goals and dreams. Sun Tzu's Art of War is the most influential book on strategy ever published, selling tens of millions of copies worldwide in several editions. Written by one of today's foremost authorities on Sun Tzu, The Art of War for Women is sure to become a classic in its own right.

The Art of Reading Nov 19 2021 "Why do

artists love books?" This volume takes this tantalizingly simple question as a starting point to reveal centuries of symbiosis between the visual and literary arts. First looking at the development of printed books and the simultaneous emergence of the modern figure of the artist, *The Art of Reading* appraises works by the many great masters who took inspiration from the printed word. Authors Jamie Camplin and Maria Ranauro weave together an engaging cultural history that probes the ways in which books and paintings represent a key to understanding ourselves and the past. Paintings contain a world of information about religion, class, gender, and power, but they also reveal details of everyday life often lost in history texts. Such artworks show us not only how books have been valued over time but also how the practice of reading has evolved in Western society. Featuring over one hundred works by artists from across Europe and the United States and all painting genres, *The Art of Reading* explores

the two-thousand-year story of the great painters and the preeminent information-providing, knowledge-endowing, solace-giving, belief-supporting, leisure-enriching, pleasure-delivering medium of all time: the book.

The Art of Pixar Apr 24 2022 In this revised and expanded edition for the 25th anniversary of Pixar's feature films, *The Art of Pixar* collects the breathtaking behind-the-scenes visual process of colorscripts. Colorscripts are the sequential paintings that visually represent key story moments from each film and set the lighting, color, and tone during the filmmaking process. This expanded edition features colorscripts from Pixar's feature films and shorts through *Onward* and *Soul*. A must-have for aspiring animators, Pixar enthusiasts, and Art of collectors alike 2020 marks the 25th Anniversary of *Toy Story*. Includes Academy Award-winning *Coco*, *Inside Out*, and *Brave* Since *Toy Story*'s release in 1995, Pixar Animation Studios has set the standard for contemporary animation with a

range of classic and influential feature films and shorts. Packaged in a luxe slipcase, this collectible collection is a treasure trove of artwork for aspiring animators and Pixar fans alike. Part of the fan-favorite, collectible Art of series--books that explore production art and exclusive making-of details A perfect gift for Pixar fans, animation and filmmaking students, film buffs, and more Add it to the shelf with books like *The Art of Zootopia* by Jessica Julius, *The Color of Pixar* by Tia Kratter, and *To Infinity and Beyond!: The Story of Pixar Animation Studios* by Karen Paik. Copyright (c) 2020 Disney Enterprises, Inc. and Pixar. All rights reserved.

The Art of Work Sep 05 2020 A USA TODAY, WASHINGTON POST, AND PUBLISHER'S WEEKLY BESTSELLER! The path to your life's work is difficult and risky, even scary, which is why few finish the journey. This book will help you discover your life's work to live a life that matters with passion and purpose. It's about the

task you were born to do, your true life's work. Bestselling author and entrepreneur Jeff Goins explains how the search begins with passion but does not end there. Only when our interests connect with the needs of the world do we begin living for a larger purpose. Those who experience this intersection experience something exceptional and enviable. Though it is rare, such a life is attainable by anyone brave enough to try. Through personal experience, compelling case studies, and current research on the mysteries of motivation and talent, Jeff shows you how to find their vocation and what to expect along the way. In *The Art of Work*, you'll learn: The seven stages of calling to discover your life's work How accidental apprenticeships differ from mentoring and why taking action is key How believing The Myth of the Leap can prevent you from achieving your dreams To live The Portfolio Life and how it can lead to your greatest satisfaction and best work Our hearts crave connection to a meaningful calling. The

Art of Work illuminates the proven path for anyone who wants to embrace that calling and build a body of work they can be proud of.

The Art of Tinkering Jun 02 2020 Some of the most creative artists from today's maker scene discuss their process, workspaces and more in this inspiring guide to tinkering. The Art of Tinkering is an unprecedented celebration of what it means to tinker: to take things apart, explore tools and materials, and build wondrous, wild art that's part science, part technology, and entirely creative. Join 150+ makers as they share the stories behind their beautiful and bold work—then do some tinkering yourself! This collection of exhibits, artwork, and projects explores a whole new way to learn, in which people expand their knowledge through making and doing, working with readily available materials, getting their hands dirty, collaborating with others, and problem-solving in the most fun sense of the word. Each artist featured in The Art of Tinkering shares their

process and the backstory behind their work. Whether it's discussing their favorite tools (who knew toenail clippers could be so handy?) or offering a glimpse of their workspaces (you'd be amazed how many electronics tools you can pack into a pantry!), the stories, lessons, and tips in The Art of Tinkering offer a fascinating portrait of today's maker scene. Artists include: Scott Weaver, Arthur Ganson, Moxie, Tim Hunkin, AnnMarie Thomas, Ranjit Bhatnagar and Jie Qi. **The Art of Guweiz** Oct 07 2020 Explore the intriguing work of artist Zheng Wei Gu, whose manga-inspired drawings are as gritty as they are surreal.

[The Art of Charlie Chan Hock Chye](#) Sep 17 2021

[The Art of the Fold](#) Jan 10 2021 The renowned and influential book artist Hedi Kyle shows you step-by-step how to create her unique designs, using folding techniques. Projects include flag books, blizzard books, the fishbone fold and nesting boxes. This is a wonderful insight into the work of a truly skilled artist.

The Art of Contemporary China Mar 31 2020
Fulfilling a need for an accessible, affordable introduction to a subject of sustained and growing significance in contemporary culture, this volume in the World of Art series redefines contemporary Chinese art in the last forty years since the end of Chinas Cultural Revolution, placing it in the context of unprecedented cultural, political and urban transformation. This book offers neither an art historians chronological review of Chinese art in post-Mao China, nor does it join the debate of previous terminologies coined by art critics; instead, it provides the most up-to-date understanding of contemporary Chinese art through original research and informed curatorial perspectives on the selected representative work, including painting, printmaking, sculpture, photography, installation, video, performance and participatory art. It is about art, but it is also about China; and thus is not about the past, but also about the present - the truly contemporary.

The Art of the Con Jul 16 2021 Art scams are today so numerous that the specter of a lawsuit arising from a mistaken attribution has scared a number of experts away from the business of authentication and forgery, and with good reason. Art scams are increasingly convincing and involve incredible sums of money. The cons perpetrated by unscrupulous art dealers and their accomplices are proportionately elaborate. Anthony M. Amore's *The Art of the Con* tells the stories of some of history's most notorious yet untold cons. They involve stolen art hidden for decades; elaborate ruses that involve the Nazis and allegedly plundered art; the theft of a conceptual prototype from a well-known artist by his assistant to be used later to create copies; the use of online and television auction sites to scam buyers out of millions; and other confidence scams incredible not only for their boldness but more so because they actually worked. Using interviews and newly released court documents, *The Art of the Con* will also

take the reader into the investigations that led to the capture of the con men, who oftentimes return back to the world of crime. For some, it's an irresistible urge because their innocent dupes all share something in common: they want to believe.

The Great and Secret Show Apr 12 2021 In the little town of Palomo Grove, two great armies are amassing; forces shaped from the hearts and souls of America. In this New York Times bestseller, Barker unveils one of the most ambitious imaginative landscapes in modern fiction, creating a new vocabulary for the age-old battle between good and evil. Carrying its readers from the first stirring of consciousness to a vision of the end of the world, The Great and Secret Show is a breathtaking journey in the company of a master storyteller.

The Book in the Islamic World Feb 08 2021 This book explores Muslims' conception of themselves as "the people of the book" and explains the multifaceted meanings of this

concept. Published jointly with the Library of Congress, it is an illustrated history of the book and the written word in the Islamic world.

The Art of Game Design Jul 04 2020 Good game design happens when you view your game from as many perspectives as possible. Written by one of the world's top game designers, The Art of Game Design presents 100+ sets of questions, or different lenses, for viewing a game's design, encompassing diverse fields such as psychology, architecture, music, visual design, film, software engineering, theme park design, mathematics, puzzle design, and anthropology. This Second Edition of a Game Developer Front Line Award winner: Describes the deepest and most fundamental principles of game design Demonstrates how tactics used in board, card, and athletic games also work in top-quality video games Contains valuable insight from Jesse Schell, the former chair of the International Game Developers Association and award-winning designer of Disney online games The Art

of Game Design, Second Edition gives readers useful perspectives on how to make better game designs faster. It provides practical instruction on creating world-class games that will be played again and again.

The Art of Whisky Nov 07 2020 This amazing celebration of single malt Scotch takes a unique photographic perspective that highlights the nature of the spirits in startlingly beautiful ways. The Art of Whisky is a breathtaking and unusual gift book for whisky connoisseurs, celebrating the spirit from an unexpectedly beautiful angle. By chance, award-winning photographer Ernie Button noticed the intricate patterns formed in the residue at the bottoms of (almost) empty whisky glasses—each as different as a snowflake—and began photographing them with inventive lighting techniques. The resulting images are exquisitely gorgeous, evoking earthly landscapes and extraterrestrial visions. This book collects nearly 100 of those photos—each one more amazing than the last—and features

delightful touches such as tasting notes, information on the science of what we're seeing, and writing about single malt Scotch by Scotland's leading whisky expert Charles MacLean, commissioned exclusively for this book. UNUSUAL GIFT FOR THE WHISKY CONNOISSEUR: Surprise the spirit-lover in your life with this gorgeous photography book that highlights the uniqueness of whisky from an unexpected and beautiful angle. ART, SCIENCE, AND WHISKY—A DELICIOUS COMBINATION: The captivating photographs begin with the qualities that make single malt scotch so exquisite, get an assist from the natural wonder of fluid dynamics, and a finish of artful production that makes each unique and surprising. CONTRIBUTING WRITERS: Princeton University Professor Howard A. Stone, who has studied and published on the science behind Button's Vanishing Spirits photographs, contributes a text on the science of what we see. Renowned whisky expert and author Charles

MacLean writes here on the unique qualities of single malt scotch and contributes notes about the special aspects of Scotland's whisky-producing regions. Perfect for: The perfect gift for whisky enthusiasts and connoisseurs, as well as fans of unusual, captivating photography

The Art of Advocacy in Singapore Mar 12 2021 Advocacy is a tricky pursuit in Singapore. Your motives can be questioned, your activities monitored, and your scope for action limited. Despite the constraints, civil society activists have persisted, finding ways to pursue their cause and to try to bring about the changes they believe important for Singapore. In 2013 a small group of civil society stalwarts set out to acknowledge the contributions of these unsung heroes. The Singapore Advocacy Awards was launched, a 3-year project that saw a total of 18 individuals and organisations being honoured. In this book, 37 activists, many of them winners of the Awards, write about their causes and discuss the strategies shaped and lessons learnt as they

practise the delicate art of advocacy in Singapore. Reflecting the nature of civil society, there is a diversity of voices. Some give a more personal account, while others describe the institutional experience of advocacy work. Some essays are short and sweet, others long and detailed. They appear ordered alphabetically by the cause.

The Art of American Book Covers, 1875-1930

Sep 25 2019 At the turn of the twentieth century book design was more than a craft. It was a labour of love at the forefront of art. Readers accustomed to today's more utilitarian book covers will find breathtaking images here - gold leaf patterns intricate enough t

On the Art of the Theatre Nov 27 2019

Art of the Deal Aug 29 2022 Art today is defined by its relationship to money as never before. Prices have been driven to unprecedented heights, conventional boundaries within the art world have collapsed, and artists think ever more strategically about how to

advance their careers. Art is no longer simply made, but packaged, sold, and branded. In *Art of the Deal*, Noah Horowitz exposes the inner workings of the contemporary art market, explaining how this unique economy came to be, how it works, and where it's headed. In a new postscript, Horowitz reflects on the evolution of the trade since the book's original release in 2011, shining light on the market's continued ascent as well as its most urgent challenges.

[The Art of the Comic Book](#) May 26 2022 Traces the history of comic books, discusses the economics of the field and the changing relationship between the words and the pictures, and profiles leading artists

[The Art of Chua Mia Tee](#) Aug 05 2020 *The Art of Chua Mia Tee: A Portrait of a Life's Work* is an ambitious and significant publication that - for the first time in a single volume - brings together hundreds of pieces of art by Chua Mia Tee, one of Singapore's foremost painters. Following a comprehensive search, selection and curation

process, this book contains approximately 300 sketches and paintings by Chua Mia Tee, including many that have never been seen in public or published before. Of course, his best-known works are present, among them "National Language Class" and "Epic Poem of Malaya". Chua's beautiful paintings are complemented by three essays from prominent writers and art historians. Commentaries and notes on particularly notable pieces are also included throughout, whilst the artist can be heard in his own words in the book's Afterword. By documenting the life and work of one of Singapore's most influential artists, *The Artwork of Chua Mia Tee* is a highly important addition to the canon of works on Singaporean art history.

Painting for the Mughal Emperor Dec 09 2020 A unique blend of Indian, Persian, and Islamic styles, Mughal painting reached its golden age during the reigns of the emperors Akbar, Jahangir, and Shah Jahan in the 16th and 17th centuries. This gloriously illustrated book is

the first to examine the Victoria and Albert Museum's remarkable collection of Mughal paintings, one of the finest in the world. Richly detailed battle scenes, scenes of court life, and lively depictions of the hunt were commissioned by the royal courts, along with a remarkable series of portraits, studies of wildlife, and

decorative borders. The authoritative text contains much new research, and the beautifully reproduced color illustrations give this stunning volume wide appeal.
