Notizie dalla Shoah Jan 22 2022 In the immediate post-war period, the Italian press related to the Holocaust sporadically. Survivors returning to the country (the vast majority were members of the resistance) informed the newspapers about their experiences and, as part of their narratives, about the sufferings of the Jews. The papers published their testimonies, but seldom featured articles reflecting on the subject. The Jews were represented as victims of fascism, on the same level as partisans and the rest of Italian society, denying any specificity to their tragedy. Asserts that that attitude contributed to the creation of the foundation myth of the "bravo italiano" who was free of guilt for the persecution of the Jews. Concludes that this reflects a society that sees itself as not responsible in any way for the genocide, a society unable to cope with its past and to take responsibility for its actions.

Racism in and for the Welfare State Jul 28 2022 This book analyses politics, practices, and discourses of welfare racism against immigrants under neoliberalism. As an instrument of selection, exclusion, exploitation, and stigmatisation, welfare racism is a distinguishing feature of anti-immigrant racism which has gained new momentum over the last decades. The strength and persistence of this form of racism are linked to several factors, including the colonial roots of the welfare state, racism's structural position in modern society, the intrinsic limits of social rights in capitalism, and migration policies that are almost always punitive in nature. Rich in documents and historical perspective, this book presents a global analysis of racism within and in the name of the welfare state. It examines discriminatory laws, measures, and practices by state actors and discourses by public figures and organizations, demonstrating the ways these developments are related to the dismantling of the welfare state in the neoliberal era, and to the war on labour and social rights. Integrating perspectives from Belgium, Brazil, Germany, Hungary, Israel, Italy, Japan, Spain, Sweden, the United Kingdom, and the United States, Perocco highlights welfare racism as a global and structured phenomenon producing inequalities and concerning labour as a whole.

Geographies of Asylum in Europe and the Role of European Localities Jul 16 2021 This open access book describes how the numerous arrivals of asylum seekers since 2015 shaped reception and integration processes in Europe. It addresses the structuration of asylum and reception systems, and spaces and places of reception on European, national, regional and local level. It also analyses perceptions and discourses on asylum and refugees, their involvement and the consequences for policy development. Furthermore, it examines practices and policy developments in the field of refugee reception and integration. The volume shows and explains a variety of refugee reception and integration strategies and practices as specific outcome of multilevel governance processes in Europe. By addressing and contextualizing those multiple experiences of asylum seeker reception, the book is a valuable contribution to the literature on migration and integration, societal development and political culture in Europe.

La Repressione delle Lingue delle Minoranze Etniche e Specialmente del Tedesco nell'Alto Adige Durante il Fascismo May 26 2022 La Repressione dell Lingue delle Minoranze Etniche e Specialmente del Tedesco nell Alto Adige Durante il Fascismo is an exciting, fresh look at a little-known aspect of Italian independence in the face of fascism. Even language was put on trial in Italy under Mussolini where repression of the Alto Adige caused significant suffering. In refusing to comply with Mussolini's edicts of imperial unification of fascism and language based on the culture and customs of Ancient Rome, the fiercely independent people of the Alto Adige were crushed under the repressive measures of Mussolini. The people of the Alto Adige with their own customs, culture, and language fought bitterly to maintain their independence of notion. In Ben's book we witness a war made upon language where the conflict was aimed at the destruction of a people as assuredly as bombs and bullets aim at the elimination of a people. Despite the academic nature of the book, we are compelled to follow the story from beginning to end.

Politika 13 Apr 12 2021 Die fünfte Ausgabe von Politika, des Südtiroler Jahrbuchs für Politik, beschäftigt sich in ihren beiden Schwerpunkten mit dem im öffentlichen Diskurs immer wieder thematisierten "Unbehagen" der italienischen Bevölkerung in Südtirol sowie mit den in den letzten Jahren sich häufenden politischen Skandalen. "Disagio" nennt sich der Gefühlzustand der Italiener, mit dem die reale oder medial konstruierte politische und soziale Ungleichheit zwischen den Sprachgruppen benannt wird. Im Jahrbuch wird erstmals versucht, diesen Diskurs zu hinterfragen und empirisch zu verifizieren, wobei auf Defizite des politischen Systems hingewiesen wird. Ebenso mangelt es an wissenschaftlichen Analysen, wenn es um politische Skandale geht. Diese werden in den Tagesmedien verhandelt, aber keiner weiteren politikwissenschaftlichen Analyse unterzogen. Fixer Bestandteil ist wiederum der Rückblick auf die nach Datum geordneten Ereignisse des Vorjahres sowie ein einleitendes Essay, in dem eine kritische Einordnung der Politik in Südtirol und über Südtirol erfolgt.

Veneto anno zero Aug 24 2019 Suonano alla porta. Insistono. Sono le 6 di mattina. «Guardia di Finanza», dice una voce al citofono, «ci fa entrare?». Fanno vedere l'ordine del magistrato, devono perquisire. «Faccia con calma», spiega il maresciallo, «ma siamo qui per arrestarla». Crolla un'intera classe dirigente. È una voragine che inghiotte amministratori pubblici, politici, parlamentari, ex ministri, imprenditori, tecnici, avvocati, magistrati, giudici, generali. L'inchiesta più lunga sulla corruzione nel Veneto, con l'importo più alto di tangenti mai raggiunto in Italia, dimostra con prove schiaccianti che il Mose, l'opera mastodontica progettata per fermare l'acqua alta, è costruito su una montagna di mazzette e di sprechi. Ma per 'far fuori' un miliardo di euro non basta essere voraci, bisogna sentirsi onnipotenti. E infatti due onnipotenze gestivano il grande affare del nuovo secolo: quella tecnica del Consorzio Venezia Nuova e quella politica articolata per centri di potere fino ai più alti livelli dello Stato. Un'inchiesta giornalistica della migliore tradizione per capire come si è arrivati a questo punto e, soprattutto, se è possibile uscirne.
