*Christmas in Scandinavia* Apr 24 2022 Christmas in Scandinavia includes writers from Denmark, the Faroese Islands, Finland, Iceland, Norway, and Sweden. Among the many masterpieces of the Christmas story are Hans Christian Andersen's "The Fir Tree" and stories by Nobel laureates Selma Lagerlof and Johannes V. Jensen. Most of the seventeen pieces collected here have never before been available in English. Each is preceded by a brief headnote. In this introduction, Sven H.

*Molly and Me* Jan 28 2020 AS SEEN ON BBC BREAKFAST 'The real-life pet detective' Sunday Mirror Read the extraordinary tale of how a dog and her owner became the ultimate pet-detective duo . . . When ex-policeman Colin Butcher set up his own pet detective agency to search for lost and stolen pets, he quickly realised he needed a partner. Enter Molly, an unloved and unwanted cocker spaniel he spotted on a rescue website. Clever and charismatic, she melted Colin's heart and the two became instantly inseparable. Colin's detective skills combined with Molly's intelligence, tenacity and sense of smell made them the ultimate team and it wasn't long before they were cracking cases and solving crimes across the country. From the search for Pablo the ginger tom cat kidnapped in Devon, to unearthing a treasure trove of stolen jewels in a north London wood, the duo have countless exciting adventures and make plenty of new friends along the way. Charming, moving and thrilling, Molly and Me is the story of a rescue cocker spaniel with a troubled past who - thanks to the love and devotion of her owner - finds a new life, purpose and a forever friend.

**The Chaos Inside** Jan 22 2022 Enemies become allies. Allies become enemies. And the broken are remade... Holly Burke's life is falling apart. In the aftermath of disaster, her true enemy is unmasked and its changed everything she thought she knew about Dunloe, herself, and her family. But with mayhem erupting all over town, she finds herself doing the last thing she expected—forming an alliance with the Trine, the leaders of the powerful coven that caused her family so much suffering. Holly tries to forgive them for the damage they've done to her family, but it's a tough ask. Murder, blood magic, and corruption are hard things to excuse. But it's a warning from beyond the grave that forces them to act. A door has been opened and if it's not closed, the dead could overrun Dunloe and drag them all into Hell itself. With everything on the line, forgiveness may be the only way to stave off the corruption threatening them all. The Chaos Inside is the third book in the Australian Supernatural: Goldfields series. The witches of Dunloe are torn apart in a moment of darkness that changes the face of the Goldfields forever. Can Holly forgive the Trine in order to stop ultimate evil from taking over? Or are they doomed before they even begin? Find out in this thrilling new chapter!

*Ralph Compton Blood on the Gallows* Dec 01 2022 A detective uses his gun to speak for the oppressed in this Ralph Compton western. Former big city detective John McBride is an easy-going man—until people rub him the wrong way. So he's less than pleased when the fast-gun marshal of Rest and Be Thankful warns him to behave himself, or else he'll wind up swinging next to the three hanged men outside of town. Driven by the plight of the town's terrified citizenry, and one beautiful woman in particular, McBride takes on the local lawman, an evil mayor and his cruel son, and a small army of hired gunmen. Helped by a mysterious white-haired preacher who shoots first and asks questions later, McBride will give the townsfolk reason to be thankful—and their vicious tormentors eternal rest in hell. More Than Eight Million Ralph Compton Books in Print

**Astrology of Midlife and Aging** Feb 29 2020 The first in-depth analysis of how an individual's natal horoscope reveals the unique challenges and opportunities of midlife. Between the ages of thirty-seven and forty-one, something mysterious takes place within the psyche. Jung called this phase our "unlived life," assuming rightly that midlife did not inaugurate a time of rapid decay, loss of libido, and inevitable death—but rather ushered in a period in which one might review one's life and build upon a strong foundation toward the next phase of adulthood. Acclaimed astrologer Erin Sullivan takes us through the vast changes that astrology reveals as we reach middle age. It is a moment in life that is characterized by the planet Uranus, one filled with opportunities to both rethink the past and move forward toward the future, "witnessing" our lives in the way Uranus connotes. There exist no maps of the terrain—except the natal horoscope.

**Horoscopes of Europe** Sep 29 2022 Horoscopes of Europe is Marc Penfield's third book on countries of the world arranged by continent. This encyclopedic book is the definitive work on the 51 nations that make up the world's smallest continent, from its largest (Russia) to four diminutive nations inside Italy, three of them shown here for the first time (Montenegro, Seborga and Sov. Military Order of Malta). This extremely valuable reference work is one that no astrologer interested in mundane, or political, astrology can afford to be without. A century ago, Europe had only 26 countries, most of them monarchies, only half of which remain today. Over the following eight decades, nine more nations were born and with the break-up of the Soviet Union, Czechoslovakia and Yugoslavia, 15 more countries emerged onto the world scene. Many countries have

two horoscopes-one for its original monarchy, the other for its transition to democracy. France and Germany have many charts from their emergence in the Middle Ages down through a millennia to become the powerhouses of Europe. Charts for the Roman Republic and Empire are also shown. The Eurasian countries of the Caucasus have also been included as they straddle Europe and Asia as do the countries of Russia and Turkey. Charts for more than 135 European cities have also been included, calculated for when they were granted their charters. Appendix A has horoscopes for every member of the European Union, while Appendix B has the author's rectified birth times for most cities shown in this book. This appendix also has the author's speculative birth dates for the cities of London and Paris. Marc Penfield is a double Scorpio with Gemini rising. Known as an historian and researcher and a lover of history and geography, his many years as a travel agent enabled him to journey to many of the places he writes about. Marc Penfield is the author of *Bon Voyage* (on relocation techniques), *Solar Returns in Your Face*, *Stars over England* (with brief bios on its monarchs), *Horoscopes of the USA and Canada* (now in its 2nd printing), and *Horoscopes of Asia, Australia and the Pacific*.

*The Arc of the Swallow* Jul 28 2022 A seeker after truth will be hunted as prey. When controversial Professor Kristian Storm is found hanged in his office, his assistant Marie Skov refuses to believe that he has committed suicide. Having just returned from West Africa on a research trip, the late scientist had uncovered a shocking truth about immunology programmes in the developing world. Former police detective Søren Marhauge is determined to prove what really happened to the professor. While Marie grapples with Storm's disputed legacy, Søren leads them both beyond legal boundaries and behind the scenes of the cut-throat pharmaceutical industry. Sissel-Jo Gazan's bestselling and influential *The Dinosaur Feather* introduced Danish Crime lovers to the competitive and perfidious world of biological science. In this outstanding sequel, her ingenious research, complex characterisation and suspenseful plotting supercedes the promise of her internationally acclaimed breakthrough.

*National Security Law* May 02 2020 For the last 30 years, National Security Law has helped create and shape an entire new field of law. It has been adopted for classroom use at most American law schools, all of the military academies, and many non-law graduate programs. The Seventh Edition of this leading casebook provides an up-to-date, user-friendly survey of this extremely dynamic field. Relying heavily on original materials and provocative notes and questions, this book encourages students to play the roles of national security professionals, politicians, judges, and ordinary citizens. And by showing the development of doctrine in historical context, it urges them to see their responsibility as lawyers to help keep us safe and free. Like earlier editions, the new book deals with basic separation-of-powers principles, the interaction of U.S. and international law, the use of military force, intelligence, detention, criminal prosecution, homeland security, and national security information — more than enough to provide teachers with a rich menu of readings for classes. New to the Seventh Edition: Latest developments on U.S. military involvement in Syria and Iran President Trump's Border Wall and appropriations power *Carpenter v. U.S.* and recent FISA developments and FISC decisions Trump travel ban "Defending forward" in cyberspace New chapter on nuclear war Professors and students will benefit from: Carefully curated and edited original materials Extensive notes and questions to fill in the blanks Read-ins and chapter summaries to provide perspective Frequent references to historical and political context

**Structural Slumps** Nov 07 2020 Dissatisfied with the explanations of the business cycle provided by the Keynesian, monetarist, New Keynesian, and real business cycle schools, Edmund Phelps has developed from various existing strands-some modern and some classical--a radically different theory to account for the long periods of unemployment that have dogged the economies of the United States and Western Europe since the early 1970s. Phelps sees secular shifts and long swings of the unemployment rate as structural in nature. That is, they are typically the result of movements in the natural rate of unemployment (to which the equilibrium path is always tending) rather than of long-persisting deviations around a natural rate itself impervious to changing structure. What has been lacking is a "structuralist" theory of how the natural rate is disturbed by real demand and supply shocks, foreign and domestic, and the adjustments they set in motion. To study the determination of the natural rate path, Phelps constructs three stylized general equilibrium models, each one built around a distinct kind of asset in which firms invest and which is important for the hiring decision. An element of these models is the modern economics of the labor market whereby firms, in seeking to dampen their employees' propensities to quit and shirk, drive wages above market-clearing levels--the phenomenon of the "incentive wage"--and so generate involuntary unemployment in labor-market equilibrium. Another element is the capital market, where interest rates are disturbed by demand and supply shocks such as shifts in profitability, thrift, productivity, and the rate of technical progress and population increase. A general-equilibrium analysis shows how various real shocks, operating through interest rates upon the demand for employees and through the propensity to quit and shirk upon the incentive wage, act upon the natural rate (and thus equilibrium path). In an econometric and historical section, the new theory of economic activity is submitted to certain empirical tests against global postwar data. In the final section the author draws from the theory some suggestions for government policy measures that would best serve to combat structural slumps.

*Cultivating Excellence in Education* Oct 07 2020 This book critically analyses the current education political strategy of cultivating excellence in education. It shows how the new policy for selecting talented students in Denmark deconstructs the compromise from which the comprehensive school was built and reduces equal opportunities. It discusses how the current practice of measurement, selection and guidance of talented students brings about significant changes in education policies, in pedagogic practices, a restructuring of school organisations, and changed requirements of teachers. It explains how the internal differentiation of education systems based on self-selection and free choice, but also on new assessment techniques, tends to widen the inequality gap between students. The analysis clearly shows the relationship between the circulation of new ideas and normative frameworks at international level, and their transfer into national policies, while situating these developments in a socio-historical perspective. The book illustrates by means of a concrete case study with important empirical data that demonstrate the reality and influence of this new policy on the day-to-day work of teachers.

*Southern Reporter* May 14 2021 Includes the decisions of the Supreme Courts of Alabama, Florida, Louisiana, and Mississippi, the Appellate Courts of Alabama and, Sept. 1928/Jan. 1929-Jan./Mar. 1941, the Courts of Appeal of Louisiana.

*The Art of Predictive Astrology* Mar 24 2022 Astrologer Carol Rushman lays out a step-by-step system that astrologers can use to forecast significant events, including love and financial success. When finished with the book, they will be able to predict cycles and trends for the next several years, and give their clients 15 important dates for the coming year.

*Interpreting Empty Houses* Mar 31 2020 How often do we tend to skip the houses without planets when looking at one's birth chart for the very first time? *Interpreting Empty Houses* provides a detailed account of these houses that are most often overlooked when delineating horoscopes as they, like houses holding planets, provide valuable insight pertaining to the department of life they each rule. The author explains the meanings of each of the twelve houses when empty as determined by the condition of its planetary ruler as it may be positioned throughout the remaining eleven houses of the horoscope. About the Author: Ana Ruiz was born in Spain and resides in Canada. She has been contributing columns and articles on astrology since she began her path down this road of stellar wisdom during the mid-eighties. Her writings have appeared in various newspapers and magazines such as *American Astrology* and *Dell Horoscope*. She has also contributed many articles to the *American Federation of Astrologers* bulletin; *Today's Astrologer*, as well as a monthly Sun sign column to their Web site. She is also the author of *The Spirit of Ancient Egypt*, *Daily Life in Ancient Egypt*, *Prediction Techniques Regarding Romance* and *The Soul of Andalusia*. The author's interest in this area of astrology arose from the fact that she has five planets in the 7th house, leaving exactly half of her natal chart with empty houses. The lack of information on this subject, or books for that matter, further inspired

Ruiz to study these houses and share her research with the hopes of filling this gap.

*The Shock Doctrine* Dec 09 2020 'Impassioned, hugely informative, wonderfully controversial, and scary as hell' John le Carré Around the world in Britain, the United States, Asia and the Middle East, there are people with power who are cashing in on chaos; exploiting bloodshed and catastrophe to brutally remake our world in their image. They are the shock doctors. Exposing these global profiteers, Naomi Klein discovered information and connections that shocked even her about how comprehensively the shock doctors' beliefs now dominate our world - and how this domination has been achieved. Raking in billions out of the tsunami, plundering Russia, exploiting Iraq - this is the chilling tale of how a few are making a killing while more are getting killed. 'Packed with thinking dynamite ... a book to be read everywhere' John Berger 'If you only read one non-fiction book this year, make it this one' Metro Books of the Year 'There are a few books that really help us understand the present. The Shock Doctrine is one of those books' John Gray, Guardian 'A brilliant book written with a perfectly distilled anger, channelled through hard fact. She has indeed surpassed No Logo' Independent

**The Girl, the Cat and the Navigator** Oct 31 2022 An enchanting, charming story of bravery on the ice-tipped ocean. Curious, pin-bright Oona Britt dreams of setting sail with her ship's captain father for a life of excitement on the wild waves. She has read stories of a magical creature - the Nardoo - who swims through the stars at night, and stows away on whaling boat the Plucky Leopard for an adventure full of myths and marvel among the ice-caps. Bestselling author Kiran Millwood Hargrave on Matilda's first book, *The Boy, the Bird and the Coffin Maker*: "This luminous tale of loss, love and finding family is threaded through with the power of storytelling, and a touch of magic."

The Gentleman's Magazine Oct 19 2021 The "Gentleman's magazine" section is a digest of selections from the weekly press; the "(Trader's) monthly intelligencer" section consists of news (foreign and domestic), vital statistics, a register of the month's new publications, and a calendar of forthcoming trade fairs.

*Retrograde Planets* Dec 21 2021 The phenomenon of retrograde motion is based on our Earth-centered view of the solar system, but the movement and cycles of retrograde planets are based entirely on the apparent motion of the Sun through the zodiac. Erin Sullivan organizes and explains retrograde motion from a systems viewpoint -- the system of the Sun and planets -- and interprets retrograde planets natally, by progression, and in transit.

*John Hogue's Worldwide Astrological Predictions for the Real New Year: Spring 2017 to Spring 2018* Nov 27 2019 JOHN HOGUE IS TAKING THE STARS BACK TO AN "ANCIENT" FUTURE. Tomorrow's astrologers will embrace what early astrologers and pagan civilizations understood: Spring is opening season of the natural New Year! Hogue takes us through the correct procession of changing seasons from birth (spring), peak life (summer), let go (autumn) and death's fallow peace (winter) exploring world events in the time frame of seasons progressing in their corrected annual sequence with accurate astrological forecasts-saddled to pure divination. Hogue's future chronicles of world events can be funny, shocking, even terrifying, but ever original and ultimately illuminating these intense times. John Hogue is author of over 1,000 articles and 46 books (1,180,000 copies sold) spanning 20 languages. He is 13 and 0 predicting the winner of every US Presidential Election by popular vote since 1968. He strives to take readers "back to the present" empowering them to create a better destiny through meditation.

*The Power Within* Oct 26 2019 A vampire with a thirst for revenge. A witch who doesn't know she's a witch. In this small Australian town, darkness is waiting to rise... When Holly Burke's eccentric aunt dies, she's drawn to the country town of Dunloe. The small community is haunted by its violent Gold Rush past, where deadly paranormal secrets lay as thick as gold in the hard quartz below their feet. Oblivious to the supernatural world, Holly soon finds herself in the middle of a war for power that's been raging for almost two centuries. A power, according to legend, her family holds the key to. The catch? She has to die. Trapped between two warring sides—witches and vampires—Holly must unravel the secrets hidden deep within the pages of history in order to save her future. For without the power within, she doesn't stand a chance. *The Power Within* is the first book in the Australian Supernatural: Goldfields series. Set against the backdrop of Victoria's vibrant Gold Rush history, it tells the story of a young woman who is swept up in a struggle for power between witches and vampires that began almost 200 years ago. Mystery, murder, and magic combine in this thrilling Urban Fantasy adventure!

**Astrology Of America** Aug 17 2021 There are thousands of highly practical and often entertaining astrology books freely available to consumers who have become familiar with the basic parameters of astrology. The authors of these books, and most other astrologers, analyze only the "ten planets"--the sun and the nine planets of our solar system. Author William Noah asserts that this simple method is insufficient because the energy of mankind is not solely captured in the planets. Noah's all-inclusive work serves as a tutorial and reference for the world of asteroids and planets. Of the thousands of asteroids in the universe, Noah has selected twenty key asteroids that are the most relevant to the events, experiences, encounters, and future possibilities of the astrology-interested public. Noah's comprehensive work includes: Charts with meaning and symbolism of zodiac signs and houses Lists of planetary symbolism and meaning Alignment of chart interpretation with the complementary astro-mythic energy characterization of triangular Grand Trine formations depicting the meaning and permanent effect for life momentum Natal charts for every president of the United States Natal charts for popular American celebrities The "Astrology of America" goes beyond analysis of the planets to prepare horoscopes by introducing preselected asteroids into the astrological mix. Noah believes his use of these asteroids, along with planetary placement, builds a framework that identifies the surest way to reach success and meaning in life.
